

Lexington One Health Education Materials

Approved and Adopted Middle School Instructional Materials

Essential Health Skills for Middle School 2e (6-8)

SC State Funded Instructional Material

Essential Health Skills for Middle School 2e curriculum has been tailored for Lexington One use. Lessons are compliant with [SC Health and Safety Standards](#) and the [Comprehensive Health Education Act of 1988](#).

**Excerpts from *Essential Health Skills for Middle School 2e* and supplemental materials have been used in the Grade 6,7, and 8 Reproductive Health Units, approved by Lexington One Comprehensive Health Advisory Committee and Lexington One Board of Trustees. Materials may be previewed upon request: dfender@lexington1.net.

Edmentum Health (6-8)

The *Edmentum Health* curriculum has been adapted for students in Lexington One who do not receive in-person health instruction during their middle school enrollment. Lessons are compliant with [SC Health and Safety Standards](#) and the [Comprehensive Health Education Act of 1988](#).

Lexington One Middle School Comprehensive Health Education Materials

****The units addressing Reproductive Health are NOT INCLUDED in Edmentum Health. Students receive this instruction in a face to face setting using the materials approved by Lexington One Comprehensive Health Advisory Committee and Lexington One Board of Trustees.**

Erin's Law Curriculum

Lexington One has chosen to use the state provided resources to address sexual abuse and assault awareness and prevention as required by Erin's Law. These lessons are facilitated by health education teachers.
