

語文教學支援服務

校本支援服務 - 支援非華語學生的中文學與教及照顧學生的多樣性

為加強教授非華語學生的中文學與教的支援，本校向教育局申請了校本支援服務，並獲編配語文教學支援服務。為非華語學生訂定循序漸進的學習目標及預期成果，幫助他們逐步銜接主流課堂。同時，也提升語文教師教授非華語學生中文的專業效能。另外，為照顧學生的學習多樣性，學校調撥大量資源，將學生按不同程度分組，因材施教。學校同時亦優化學校課程及教學策略，把課堂教材及課業分為基礎和進階程度，讓每個同學得到照顧。

Language Learning Support Services

School-based Support Services - Enhancing support for teaching Chinese to Non-Chinese speaking students and Catering for Learner Diversity

To enhance support for teaching and learning Chinese to non-Chinese speaking (NCS) students, our school has applied for the School-based Support Services from the Education Bureau, and has been granted the language learning support services. We hope the services can set progressive learning targets and expected learning outcomes for NCS students in order to support their transition to mainstream classes. Meanwhile, the services can enhance the professionalism of our Chinese Language teachers to teach them. In addition, to cater for the diversity of students' learning, the school allocates a lot of resources to group students into different levels and teach students in accordance with their aptitude. The school also optimizes the school curriculum and teaching strategies by dividing classroom materials and tasks into basic and advanced levels, so that every student can be taken care of.
