PROFESSIONAL COUNSELORS

Connecting with a licensed counselor may be necessary in your healing journey. We have selected counselors in local nearby communities who provide wise care and counsel. We recognize not every counselor will perfectly align with Life Canton's theological beliefs and positions, nor will they align with yours. However, we recognize the uniqueness and sensitivity of each person's story, so we find it valuable to ensure diverse options from which to choose. Use the guidance of the Holy Spirit and your best judgment to select a counselor who can provide the care you need. These counseling services are not affiliated with nor are they acting on behalf of Life Canton Church.
