[1]*Courses offered are subject to enrollment management.
**There is a NJDOE fee for the Certification of Eligibility with Advanced Standing (CEAS).
*** BLED 40422 is the capstone course of both programs requiring a 24-hour field experience. It is a restricted registration course. Because of the field experience requirement within the course, students should plan to take this course before their final semester of clinical practice (the 5 day a week placement) for students' initial certification. Students will need to have their background and TB paperwork submitted to TK20/Office of Clinical Experiences before they can register for BLED40422. A prerequisite of BLED40420 or BLED40421 is required to take BLED 40422, in addition to the background paperwork.
