

Record your Chromebook Screen

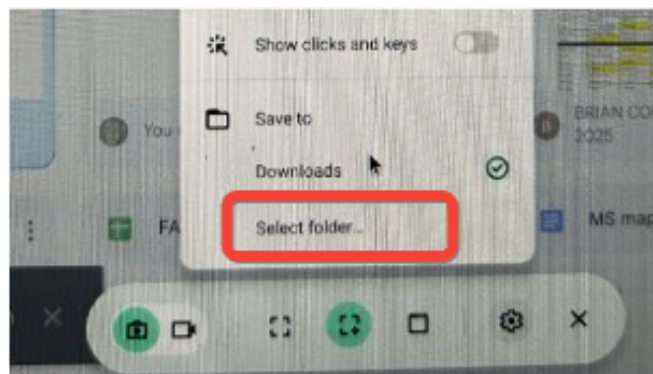

1. Press **Shift + Ctrl + Show windows**  or:

2. In the menu at the bottom, select Screen record .
3. Select an option:
 - Record the full screen .
 - Record a partial screen .
 - Record a window .
4. Click on the settings wheel and **turn on/off Record Microphone** to capture voice, and turn on Camera to capture your face.

While still on Settings, change Save to and choose **Select folder** followed by MyDrive

5. To stop recording, at the bottom right (in the toolbar), select Stop recording .
6. Recordings will now be saved to your MyDrive. From here, share as needed.
