

Pre-lab: Scientific Literature

Purpose

We've all heard the saying. The best way to learn is by doing. So, let's jump right in and read a science paper! As you read through the paper, keep in mind that you are not expected to understand everything the first time through. We will go through the paper in detail in the lab. Complete and upload the assignment.

Activity

Estimated time: 30 min

Instructions

Read the paper "[A high-sugar diet produces obesity and insulin resistance in wild-type Drosophila](#)" by Musselman et al., 2011 Dis Model Mech and answer the following questions.

Questions

1. What is one thing you find interesting in the paper?

2. Define a term that is new to you.

3. Ask a question about the paper.
