

## Favorite Latin Words

Over the course of this year, you have learned a TON of words in Latin. We've primarily covered nouns, adjectives, and verbs. Your goal today is to choose your favorite from each category. You will design four separate flashcards. On the back of each card, tell us how you remember the meaning of the word or write an English derivative of the word!

1. Your favorite noun.
2. Your favorite adjective.
3. Your favorite verb.
4. Use all three words in a Latin sentence.

Make these colorful and interesting-looking. They will be put up on the bulletin board outside of Ms. Mujal's room!
