

Final Project Evaluation Rubric

(This rubric is to be used by facilitator and course participants to evaluate the final project of each course participant.)

Course: Student Engagement

Date: _____

Rating Scale

0 – Not present, component is missing

1 – Little development - ideas are unclear or underdeveloped, unsure whether ideas fit within a framework that encourages student engagement, not well-thought out.

2 – Content is developing, some ideas are clear and thoughtful, may need better explanation or more logical connection to other parts of the lesson plan, some student engagement is likely to occur as a result of implementing this section

3 – Developed – thoughts are clear, connected, and developed; student engagement is very likely to occur as a result of implementing this section; ideas garnered from the course are present and apparent.

4 – Exemplary – Ideas for engagement relate and work within the lesson plan and design structure and are likely to lead to excellent engagement of students. Description and explanation show clear and powerful use of engagement ideas garnered from this course.

Lesson Components	Rating	Comments
Lesson components make sense as a unit.		
Topic (or topic restating) aims to interest (engage) students		
Standards are taken from the state or common standards and relate to the topic and the goals		
Goals have clear pathway for student learning, easy for student to understand what they are learning and how they will demonstrate the learning.		
Instructional Context is clear; location, students; instructional design is apparent		
Activities are explained so that we can visualize how the lesson will be carried out (step by step). Methods of engagement are woven into explanation.		

Engagement Strategies: Strategies selected are relevant to the Instructional Context, strategies and description of strategies are likely to lead to high levels of continuous engagement from students.		
Assessments- Assessment of Student learning matches with goals. Assessment of engagement is likely to lead to understanding of how to improve lesson for the future.		

Engagement	Rating	Comments
Lesson plan includes tasks or activities that should engage students in active learning.		
Plan shows application of learning from the Student Engagement course.		
Plan provokes thinking and dialog about levels of engagement and expectations.
