

Hi All,

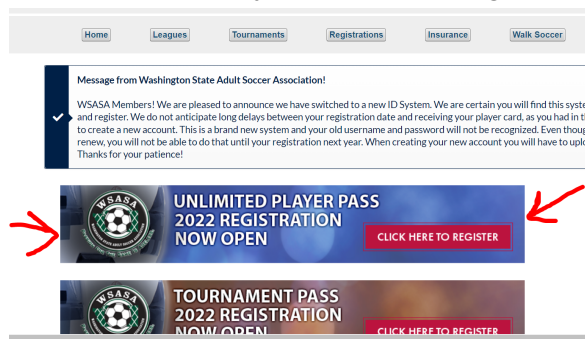

As you may already be aware, the Washington State Adult Soccer Association has a new ID system, which means **everyone will have to create a new account in order to get their player cards**, which you will need to play in the games with us. If you have already created a new account recently and gotten your player card, please disregard this email.

If you haven't created a new account yet, please see the message below from WSSA.org and scroll down to see step by step instructions for how to create a new account:

"WSASA Members! We are pleased to announce we have switched to a new ID System. We are certain you will find this system much easier to navigate and register. We do not anticipate long delays between your registration date and receiving your player card, as you had in the past. Everyone will have to [create a new account](#). This is a brand new system and **your old username and password will not be recognized**. Even though you see an option to renew, you will not be able to do that until your registration next year. When creating your new account you will have to upload a photo once again. Thanks for your patience!"

### Instructions for those who are new to the process:

1. Go to [wssa.org](http://wssa.org)
2. Click on the "Unlimited Player Pass 2024 Registration" option

3. Register as a new user - DO NOT try to log in or use your old username!

1.
