EDUCATION

Welding Technology: Associate in Arts

Expected June 20xx

Certificate in Welding Technology-Aluminum Welding

December 20xx

Olympic College - Bremerton, WA

GPA 3.5

SKILLS

Oxyacetylene Welding

Pipe Welding

Precision Metal Cutting

Applied Problem Solving

Gas Tungsten Arc Welding

Gas Metal Arc Welding

Welding Techniques (MIG, TIG, Stick): Proficient in various welding methods, including MIG, TIG, and Stick welding, ensuring high-quality results in different materials.

Blueprint Reading & Fabrication: Strong ability to interpret technical drawings and blueprints, and experience in fabricating metal components to exact specifications.

Equipment Maintenance & Safety: Skilled in maintaining welding equipment and tools, with a solid understanding of safety procedures (OSHA) to ensure a safe working environment.

EXPERIENCE

Welding Lab Assistant, Olympic College - Bremerton, WA

April 20xx - Present

- Ensure a safe and organized work environment in the welding lab.
