RIGSUM INSTITUTE OF IT & MANAGEMENT

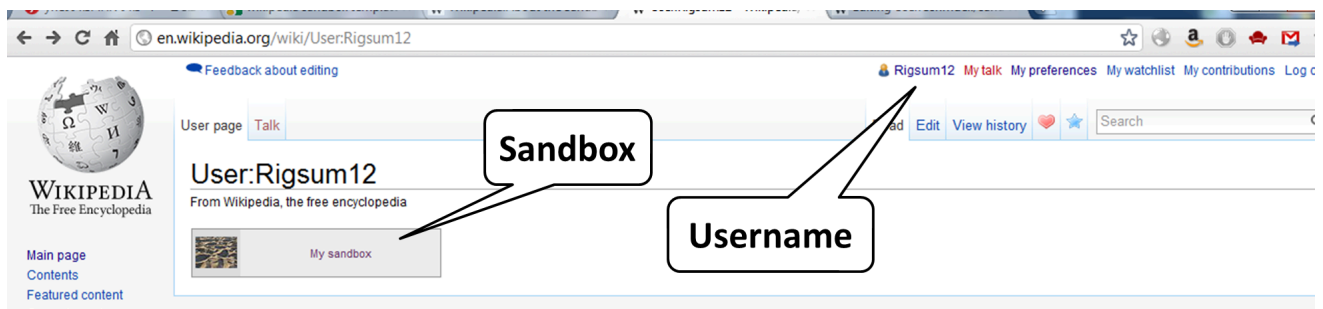

## Wikipedia Bhutan Project: Handout Number 2

My Wikipedia username is \_\_\_\_\_. My Wikipedia password is \_\_\_\_\_.

A “sandbox” is a page for testing and learning how to write Wikipedia articles

To access your personal sandbox:

1. Log into your account
2. Click on your username on the top right of the screen
3. Click on “My sandbox”

- To edit anything, click “Edit”
- Basic Wikipedia formatting

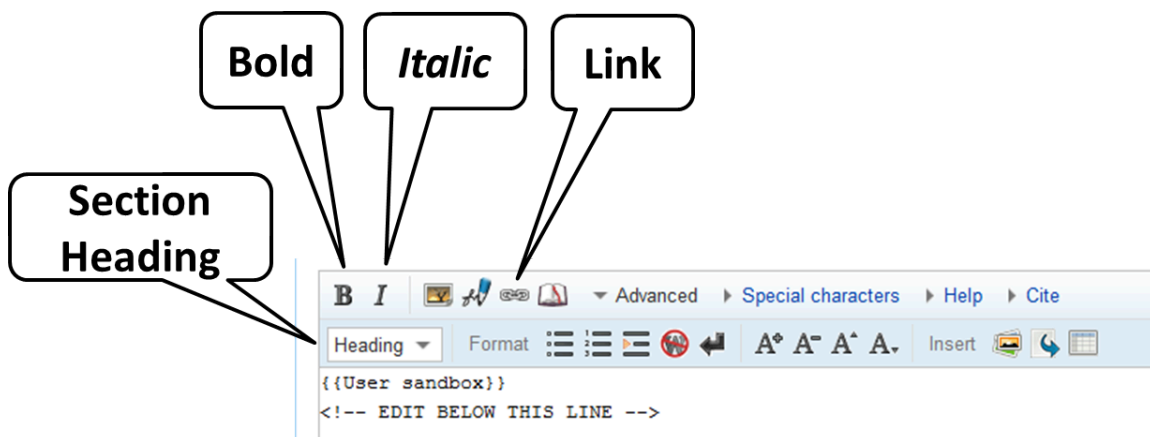

**'''Bold text'''**

*''Italic text''*

[\[\[Internal Link\]\]](#)

- Advanced Wikipedia formatting

== Heading level 2 ==

## Activities

### Activity #1: First article

1. Log into your account
2. Go to your sandbox
3. Enter the following text

The Rigsum Institute of IT & Management is one of the first training institutes in Bhutan. It was established in 1998. It has two campuses in Thimphu.

4. Save the article

### Activity #2: Bold and italic formatting

1. Click "Edit"
2. Change the text so it will appear as follows

The **Rigsum Institute of IT & Management** is one of the first *training institutes* in Bhutan. It was established in 1998. It has two campuses in Thimphu.

3. Save the article

### Activity #3: Removing formatting

1. Click "Edit"
2. Change the text to remove the bold and italic formatting

The Rigsum Institute of IT & Management is one of the first training institutes in Bhutan. It was established in 1998. It has two campuses in Thimphu.

3. Save the article

### Activity #4: Insert internal links

1. Click "Edit"
2. Add internal links to "Bhutan" and "Thimphu"

The Rigsum Institute of IT & Management is one of the first training institutes in Bhutan. It was established in 1998. It has two campuses in Thimphu.

3. Save the article
4. Click "Edit"
5. Add an internal link from "IT" to "Information Technology".
6. Save the article

### Activity #5

1. Add the following sections (heading level 2):

#### **Programs and Courses**

The institute offers diploma, certificate, workshops and other programs. Diploma programs are 12 months long and provide in-depth knowledge about the subject matter. Graduates of diploma programs are provided with job placement services. Certificate programs are 1-6 months long and provide skills needed in various fields in government, corporate, and private organizations.

#### **Rigsum Research Lab (RRL)**

RRL is a focal point for acquiring and disseminating practical knowledge about learning technologies and their incorporation in practice, in the context of Bhutan's needs and culture.

### Activity #6 (Bonus)

Add internal links to five words in the above sections
