

[Deer hunting in Missouri: A significant economic driver, generating billions](#) November 15, 2024

KTVO Kirksville/Ottumwa on MSN

... "Free ranging deer hunting, in the state of Missouri contributes roughly \$1.6 billion to Missouri's economy annually ... That's all the travel, lodging, food, gas, buying permits, you know buying firearms ..." said Aaron Hildreth, cervid biologist with the Missouri Department of Conservation...
