## BUILDINGS NATIONWIDE SHINE BLUE WITH HOPE FOR PULMONARY FIBROSIS AWARENESS MONTH 2025

Iconic landmarks in cities across the country will shine the signature blue color of the [Pulmonary Fibrosis Foundation](#) (PFF) to put a spotlight on this life-threatening lung disease. For 25 years, the PFF has been committed to driving research, improving care, and expanding support for the more than 250,000 Americans living with pulmonary fibrosis and their loved ones.

This lighting effort unites individuals coast-to-coast in observation of the Pulmonary Fibrosis Awareness Month (#PFFMonth, #BlueUp4PF) throughout September.

*If you know of a site going blue for PF that is not included in this list, please email the details to [socialmedia@pulmonaryfibrosis.org](mailto:socialmedia@pulmonaryfibrosis.org).*
