

Company Letterhead is mandatory

Current Date:

Customer / Company Name:

Physical Address:

To whom it may concern: Application to port number(s) to Vox Telecom.

I hereby submit (Customer/ Company Name) application to port the below listed number(s) to Vox Telecom.

Number Range - Start	Number Range - End	Block Size (total of numbers)	Type of line (as per supplier bill)	Name of existing Network Operator: (Examples: Telkom, Liquid, etc.)	Account Number at Current Network Operator	Site Address
27xxxxxx000	27xxxxxx010	10 numbers	Single/ Range	Telkom	TATA	

Are any of the above numbers going to be provisioned on Operator Connect?	Yes	No
---	-----	----

Preferred date for porting: DD/MM/YYYY

Company Registration No: xxxx/xxxxxx/xx

Caller line Identity to be displayed:

I confirm that (Customer / Company Name) _____ is responsible for notifying our current Network Operator of our intention to port existing number/s to Vox Telecom.

I acknowledge that Value-Added Services (such as ADSL data, Call Barring, Call Forwarding, Hunting Facilities, Supreme Call, etc.) cannot be ported and functionality will be lost once porting has taken place.

I further acknowledge that the number porting process does not result in automatic cancellation of any services with our current Network Operator. It is (Customer / Company Name) _____ responsibility to cancel services with the current operator and manage any queries that may arise.

Please note:

1. If only one number or a partial range of numbers within a number block are ported, the remaining numbers within that specific block will be discontinued by the current supplier.
2. In the case of ADSL, data services and functionality will be lost once the ADSL number(s) have been ported to Vox Telecom.

Section below to be completed only if porting Telkom ISDN number/s. Specify what must happen after the number(s) have been ported to Vox. Please select one option only.	Tick Applicable Block
1. Cancel ISDN PRI/BRI line(s) and the balance of the number range.	
2. Keep the PRI/BRI service as well as permissible number blocks.	
3. Allocate a new block of numbers to the ISDN PRI/BRI line(s).	

I hereby confirm that I, (Name and Surname) am duly authorised to sign this document on behalf of (Company Name) as well as having understood and acknowledging the above.
