6. FAQ (FREQUENTLY ASKED QUESTIONS)

Q: What if I don't have much work experience?

A: That's okay. We can include unpaid work, caregiving, street hustle, volunteer experience, school projects, and transferable skills. Your value is bigger than formal job titles.

Q: Can you help if I have a criminal record or gaps in employment?

A: Yes. I understand how complicated and sensitive this can be. We can work together to frame your story in a truthful, dignified, and strategic way that focuses on growth, responsibility, and the strengths you bring now.

Q: Will you apply to jobs for me?

A: I don't submit applications on your behalf, but I help you:

- find and organize job leads
- match your materials to each posting
- create a realistic application routine

Q: Can you guarantee I'll get a job?

A: No one can promise that. What I can guarantee is that your materials will be clearer, more professional, and better targeted — and that you'll have strong tools and a strategy to keep moving forward.

Q: Do I have to know how to use AI already?

A: No. I teach you as we go. I handle the technical side and explain how you can use these tools on your own in the future.

Q: How do payments work?

A: I accept CashApp and PayPal. Payment is due before each session or at the start of a package.
