One question I have related to convention is: "How do we access the live stream and on demand videos within the app if we attending convention?"

12:18:29 From Lori Gracey, TCEA to Everyone:

To access your sessions, we recommend you use the desktop version of the app. Scroll down on this page until you see the red Desktop App button and click on it. A new window will open. Click on the second box for convention access. Then you'll need to log in with the email address that you registered with and your password.

To find the on-demand sessions, click on Plan Your Event and then Schedule. Then click on "Show Past Sessions" and they will show up under 12 am - 1 am. (Tues/Wed).

Please let me know if you have any questions.

12:18:39 From Cindy Lewis to Everyone:

Thank you! I was originally trying in the app. I will try the desktop

12:18:42 From Beautiful See to Everyone:

Thanks so much!

12:18:57 From Seth Fewell to Everyone:

I was really impressed with "The Juice" - a 5-12th grade NewsELA-like daily newsletter that helps struggling readers and prep SAT vocabulary. The best part, it's free for the rest of the school year at <https://bit.ly/JUICETCEA22>

I'm elementary, so it doesn't apply to me, but I'm going to share with my secondary teams.

12:19:00 From Ana Maria Perez to Everyone:

It would be great if a reminder can be sent to presenters to upload their resources, so if we didn't get to attend we have their resources.
