

Edit: All positions have now been filled, thanks!

- Male Voice
- Late 20's - Mid 40's
- Any accent
- Curt/Authoritative voice preferred for most lines

Mainly looking for natural voice acting, nothing over the top. (Security Guard #4 being an exception as those lines are meant to be more comedic) Ideally I'm looking to get different people or voices for each character so they all sound like their own characters.

Pay is \$.30 per word (For characters with fewer than 17 words I've rounded the pay up to \$5)

Security Guard #1 - Outside Club (\$7.50)

Player has Briefcase:

"You're late. Show me the package. Alright you're good to go, party's inside." (Stern)

Player doesn't have Briefcase

"You're not getting in without that package. Now don't waste my time." (Stern)

Security Guard #2 - Greeter (\$5)

Arriving at club

"Welcome to The Undertow. Don't mind the patrons, they're harmless." .

Security Guard #3 - Elevator (\$21.60)

Player has Briefcase:

"Door's unlocked, step inside when you're ready." (Stern)

Player doesn't have Briefcase:

"When you're ready to see Deadeye, come back with the package." (Stern)

Walking player to elevator:

"You know Deadeye's been after that briefcase for a long time. Obsessed really. Ever since we defected from the Combine he won't shut up about it. And you just drop it right into our lap."

"Funny how that works."

Elevator arrives:

"And here we are."

"A word of advice, try not to stare. He hates that." (Stern)

Security Guard #4 - Bathroom Stall (\$5)**On trying to open a locked bathroom stall**

"Occupied!" (Slightly nervous)

On trying again

"I said occupied! Jesus Christ." (Angry and rattled)

On throwing a prop over stall

"The fuck am I supposed to do with this?" (Angry)

Security Guard #5 - Near passed out drunk (\$8.40)**Player sees passed out person**

"Buddy, you gotta get up." (Urging person to get up) "Same shit every week." (Annoyed)

Player walks by 'Deadeye's Collection' sign

"It's gonna be one hell of a collection after tonight's deal. Deadeye's been celebrating."

Bartender - (\$9.60)

Arrive

"What can I get ya?"

Player picks drink

"An excellent choice. This one's on Deadeye."

Player throws props behind bar

"I *just* cleaned this bar! Goddamnit." (Angry/Annoyed)

Player orders last drink

"Alright, this is your last one."

Player tries to order again

"I think you've had enough for tonight Alyx."
