7day High: ₮4.9

Friedcat Updates:

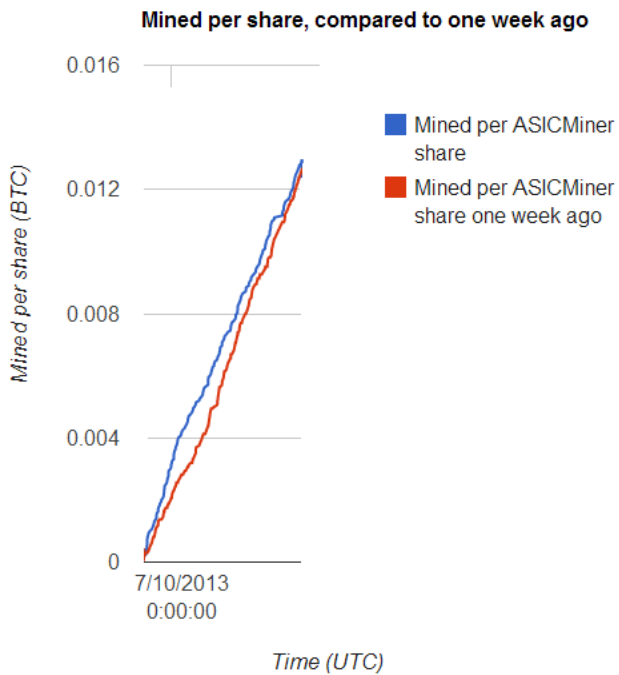

Friedcat posted a security warning about people double selling shares. - [Post](#)

Noteworthy Information:

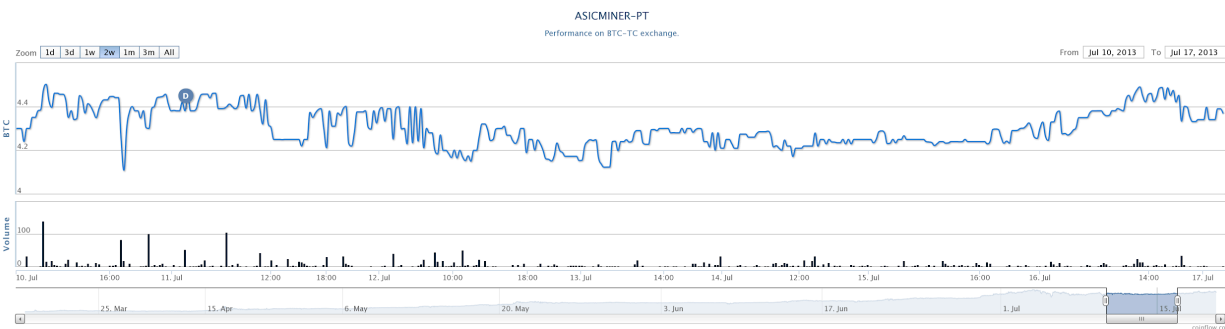

- ThickAsThieves announces a new ASICMINER PT on Havelock. - [Post](#)
- Questions arise about whether or not ASICMINER is selling hashing power to other pools. - [Blog Post](#)
- In several posts it is pointed out that the node ASICMINER uses for solo mining is not well connected, this leads to us passing up potential profits from transaction fees and also leads to orphaned blocks. [Post1](#) [Post2](#)
