Website Peer Review Instructions

Website Reviewer _____

1. Read through the Website Criteria so that you have a general idea of how the websites will be evaluated for a grade.

2. Look through the entire website that you're reviewing: read all of the text, look at all of the images, click on all of the links.

3. Write down **three** adjectives that you think describe the style and personality of the website. (Here's a list of adjectives that might be helpful.)

    a.
    b.
    c.

4. Write down one really positive, effective, impressive element of the website.

5. Write down one **specific** way that the website can be improved.

6. Provide a full answer to the questions below that the website author asks you about the website.

Website Author _____

Write down three questions (or more) that you would like help or feedback on. You should ask about the areas of the website about which you have the most questions or concerns. These can be broad questions (e.g., about design, navigation, content) or specific questions (e.g., about a certain color, a paragraph of text, the choice of an image). Whatever you want help with, ask about it.
