

Tax Management Office, University of Minnesota

Menards and Fleet Farm - May, 2021

Menards and Fleet Farm are revising the way they handle tax-exempt purchases.

University of Minnesota employees are **not** authorized to set up sales tax-exempt accounts individually at these retailers. Only the Tax Management Office is authorized to declare our tax-exempt status. We are currently exploring our options relating to changes made by Menards and Fleet Farm. We will provide revised guidance as soon as possible. Meanwhile, please contact the Tax Management Office if you need to make large purchases at Menards or Fleet Farm, or if you have other questions.
