

Picker Tech Policy W25 Presentation Sign Up

We are trying to do a couple of things with this sign up. Once you have your group, sign up for a presentation slot. We currently have 23 students in the class, so we will try to have roughly 11 students present in each of weeks 8 and 9. Once you have signed up, send me an email (rpicker@uchicago.edu), so that I can pay attention to where we are on week spacing.

The second thing we want to do is to try to not have too much overlap in topics. Once you have your topic, put that in the last column. Do that with enough detail that another group will know how to avoid topic overlap (e.g., don't just say privacy, but narrow it down from there).

Email me if you have questions about any of this.

<i>No.</i>	<i>Group</i>	<i>Week</i>	<i>Topic</i>
1	Rachel Finegold, Maelle Quartetti	8	Liability in AI and tech of autonomous vehicles and policy's role in guiding its path of development and implementation
2	Anne Marie Hawley, Andrew Johnson, Owen Hoepfner, Eva Nobel	8	Section 230 immunity applied to social media and generative AI
3	Nikki Joe, Sophia Helfand	8	Are trade secrets incompatible with regulation? How do algorithms compare to other real world examples?
5	Hana Abreha, Briana Johnson, Emilio Luna	8	National and International Perspectives on Protections for Child Influencers
4	Tim An, Zephyr Xu	9	The Use of Race Blind Charging Algorithm in Prosecutors Offices
6	Sebastian Gamarra Abarca, Azi Genet, Max Rotenberg, Nick Laureano	9	The Lifecycle of General Purpose Technologies: Lessons from Electrical and Steam Power
7	Henderson Heussner, Toshiro Kashiya	9	Regulations on AI algorithms (mainly focus on antitrust law)

8	Martina Faber, Elijah Greisz, Uchenna Offorjebe	9	Cyber Warfare
