

## Towards the World Social Summit

### ImPACT Coalition Concept Note & Agenda

10th May 2024, 12:30 - 14:00

CR-13

The United Nations [Summit of the Future](#) is taking in September 2024 with the intention to enhance cooperation on critical challenges and address gaps in global governance, reaffirm existing commitments including to the [Sustainable Development Goals](#) and the [United Nations Charter](#), and move towards a reinvigorated multilateral system that is better positioned to positively impact people's lives. The negotiations for the Summit are already taking place, occurring every 2-3 weeks at UN HQ in New York. The negotiations will result in an inter-governmentally negotiated text called "Pact for the Future", structured under the 5 themes/chapters identified in the [Scope Paper of the summit](#), alongside a Declaration on Future Generations and a Global Digital Compact annexed to the Pact.

The outcomes of the Summit of the Future will also provide an important foundation for next year's [World Summit for Social Development](#), which is intended to address gaps in social development and recommit to the principles outlined in the [1995 Copenhagen Declaration on Social Development and Programme of Action](#) and give momentum towards the implementation of the 2030 Agenda for Sustainable Development. **Importantly, this agenda seeks to place people, not the economy, at the center of sustainable development, and calls for the eradication of poverty, promotion of full and productive employment, and inclusive social integration, to achieve stable, safe and just societies for all.**

The Social Summit Impact Coalition, titled: **Towards the World Social Summit: Putting People at the Heart of Social Development** is convened by the [Major Group For Children and Youth](#) and a growing consortium of partners and rights-holder constituencies. It serves as a collaborative platform for communities, civil society organizations, member states and UN agencies to connect, work together and develop a progressive agenda on social development that will create people-centered pathways between the Summit of the Future and the World Social Summit.

The session of the Impact Coalition will take place on **Friday, May 10th at 12:30 - 14:00 in Conference Room - 13**, bringing together civil society advocates, member states, UN agencies and other stakeholders to frame recommendations and share their perspectives.

Agenda/Run of Show
