

Privacy Policy

SUPRAPPS SP Z O O ("us", "we", or "our") operates the **Cookly: Couples Menu** iOS mobile application (hereinafter referred to as the "Service").

This page informs you of our policies regarding the collection, use, and disclosure of information when you use our Service and the choices you have associated with that information.

By using the Service, you agree to the practices described in this Privacy Policy.

1. Information We Collect

User Content

The Service allows users to create shared menus, invite other users, and make meal selections ("orders").

The Service may store the following information:

- menus created by users
- meals and food ideas added to menus
- orders made within menus
- invited participants and shared menu activity

This information may be stored locally on your device and/or securely processed to enable synchronization between participants.

We do not use this information to personally identify users.

Notifications

The Service may send notifications to inform you when:

- someone makes an order
- a menu is updated
- you are invited to a shared menu

Notification delivery may require basic device identifiers provided by Apple (such as push notification tokens).

Personal Data

We do not require or directly collect personally identifiable information such as:

- your name
- email address
- phone number

However, if you choose to invite others to a shared menu, you may voluntarily share access via methods available on your device (e.g., links or system sharing features).

Usage Data

We may collect limited technical information through Apple-provided tools or analytics services, including:

- device type
- iOS version
- crash logs
- anonymous usage statistics

This information is used only to improve app performance and stability.

Cookies and Tracking

Our Service does not use cookies or third-party tracking technologies.

2. Use of Data

Any limited information we collect is used exclusively to:

- provide and maintain the Service
- enable shared menus and ordering functionality
- send relevant notifications
- improve app performance and reliability

We do not use your data for advertising purposes.

3. Data Retention

User-generated content (such as menus and orders) may be stored as long as necessary to provide the Service.

If stored locally, this data remains on your device until you delete it.

If synchronization features are used, data may be retained only as long as needed to maintain shared functionality.

Technical diagnostic data (if collected) is retained only as long as necessary for troubleshooting.

4. Transfer and Disclosure of Data

To provide core functionality:

- some data (such as menus, orders, and invitations) may be processed to enable sharing between users

Aside from this:

- we do not sell your data
- we do not share your data with advertisers
- we do not distribute personal information to third parties

Limited technical data may be processed by Apple or analytics providers for diagnostics and performance.

5. Security

We take reasonable steps to protect your data and ensure secure operation of the Service.

However, please note that no method of transmission or storage is 100% secure.

6. Your Rights under GDPR (if applicable)

If you are a resident of the European Economic Area (EEA), you have the right to:

- request access to any personal data we may hold
- request correction or deletion of your data
- withdraw consent at any time

As we collect minimal personal data, these rights apply mainly if you voluntarily provide information (for example, when contacting us).

7. Children's Privacy

This Service is not directed to individuals under 18 years of age.

We do not knowingly collect personal information from children.

8. Changes to This Privacy Policy

We may update this Privacy Policy from time to time.

Any changes will be posted on this page with an updated effective date.

9. Contact Us
