# 12th Grade
# ACP Objectives

Twelfth-grade ACP activities will take place with designated ACP advisors to assist students with identifying career interests and academic planning.  ACP is designed to be a gradual process that builds each year of a student's primary and secondary education. Students' goals and plans are subject to change, and in order to meet those changes, activities are subject to modification and continuous improvement. Any questions regarding these activities should be directed to student ACP advisors.
