

Supervision Clinical Review Checklist

I, the supervisee _____ agree to:

- **Clinical Notes Review & Audit**
 - Provide clinical case notes for two cases chosen by Supervisor, for review and audit twice per year (4 cases per year).
- **Clinical Observation & Peer Review**
 - Be observed in clinical practice and provided with feedback two cases per year (2 cases per year).
- **Professional Development**
 - Provide evidence of ongoing education specific to the upper limb.
- **For off-site Supervision where approved in special circumstance:**
 - Reimbursement is a personal decision that is mutually agreed upon by both parties.
 - **Case Log.** Submit three monthly log of cases treated. Refer to [Supervision Policy and Procedure](#) for further details.

and will record the evidence of my Supervision and the above clinical review checklist on the HTNZ Supervision Record.

Development Plan

Example: Develop competency in

Key area for development	Planned actions	Outcome measure
Example Wound care	Review research Practice removing sutures Identify appropriate dressings	Complete three wound reviews with a senior hand therapist
