

## **TRANSGENDER INCLUSIVE HOUSING POLICY** **SIGN-ON LETTER: FLORIDA STATE UNIVERSITY**

**SIGN ON TO OUR LETTER HERE:**  
<https://forms.gle/uthrwAVvubk1Au3y9>

### **WHAT IS “TRANSGENDER INCLUSIVE HOUSING POLICY”?**

1. FSU policy that is official, meaning it is voted on/passed by the Board of Trustees, and subsequently handed down to FSU faculty/administration to implement
2. FSU policy that recognizes transgender/gender non-conforming students as present and valuable members of the FSU student community *[elaborated below]*
3. FSU policy that recognizes the material and psychological safety concerns that come with a lack of Transgender Inclusive Housing policy *[elaborated below]*
4. FSU policy that recognizes the specifically unique and necessary housing needs of the transgender/gender non-conforming community at FSU and implements them accordingly *[elaborated below]*
5. FSU policy that recognizes the specifically unique needs of the transgender/gender non-conforming community at FSU throughout the university housing process, beginning at their acceptance to the university and ending when they move out of on-campus housing

### **WHAT IS THE NEED FOR TRANSGENDER INCLUSIVE HOUSING POLICY AT FLORIDA STATE?**

Transgender Inclusive Housing: Initiative & Coalition was created as a response to overwhelming safety concerns among the transgender/gender non-conforming community at FSU. These circumstances involve instances of harassment, ostracization, discrimination, bullying, verbal abuse, and even physical assault. Transgender/gender non-conforming victims of these circumstances are then forced to relocate, rather than the other way around. This leaves transgender/gender non-conforming students without a home or material safety, constantly moving around in an already unfamiliar environment.

While Transgender Inclusive Housing: Initiative & Coalition recognizes and supports the need for general gender inclusive housing policy at FSU, for the reasons stated above we specifically and intentionally demand Transgender Inclusive Housing policy implementation immediately.

## WHAT ARE THE NEEDS OF TRANSGENDER/GENDER NON-CONFORMING STUDENTS AT FLORIDA STATE?

### 1. The right to equitable, non-discriminatory housing placement.

Transgender/gender non-conforming students at FSU deserve the right to room with other transgender/gender non-conforming students, other LGBT+ students, or at the very least, cisgender (non-transgender) students who stand in sincere solidarity with the transgender/gender non-conforming community.

*a. A fulfillment of this need would not include private one bedroom suites. This avenue of placement ostracizes transgender/gender non-conforming students, and discriminates on the basis of socioeconomic status. Not all FSU students can afford the luxury of a private one bedroom suite, which costs significantly more than other FSU housing options.*

### 2. The right to protection from harassment, ostracization, discrimination, bullying, verbal abuse, and physical assault.

Transgender/gender non-conforming students at FSU deserve the right to stay put in their homes, rather than be forced to relocate if they are victim to harassment, ostracization, discrimination, bullying, verbal abuse, and/or physical assault. Their antagonist deserves no right to stay put, and should be relocated and disciplined swiftly and immediately.

3. The right to know they are valued, appreciated, and celebrated as members of the FSU student community; the right to know their options. Transgender/gender non-conforming students at FSU must be made explicitly aware of their housing options throughout the entirety of the housing process. Transgender/gender non-conforming students exist in vast numbers on FSU's campus, whether these individuals make the risky decision to come out publicly or not. They comprise a huge portion of the FSU community's backbone, contributing academically, socially, artistically, athletically, and financially to the institution.

*a. The transgender/gender non-conforming community must not need to reach out for help under "special circumstances/an exception to FSU's current housing policy.*

## HOW SHOULD TRANSGENDER INCLUSIVE HOUSING POLICY BE IMPLEMENTED AT FLORIDA STATE?

### **POLICY DEMANDS:**

1. FSU's Transgender Inclusive Housing policy meets all three needs of the transgender/gender non-conforming community listed above.
2. FSU's Transgender Inclusive Housing policy abolishes the un-safe material and psychological living conditions of the transgender/gender non-conforming community at FSU outlined above.
3. FSU's Transgender Inclusive Housing policy assigns at least one paid administrator/faculty member to the role of transgender/gender non-conforming housing placement.
4. FSU's Transgender Inclusive Housing policy should include an easy to find section on FSU's housing website dedicated to guiding transgender/gender non-conforming students' housing placements. This section should include contact information to the administrator/faculty member assigned the role of facilitating transgender/gender non-conforming students' safe and comfortable experience throughout the entire housing process.

### **POLICY RECOMMENDATIONS:**

- Ask students when they register for on-campus housing through the system already in place whether they identify as transgender/gender non-conforming. Follow up with these students, asking whether they would like to be placed in housing with other transgender/gender non-conforming students.
- Implement a new FSU campus-wide roommate matching program that asks many questions relating to identity and lifestyle. One of these questions should include whether the student identifies as transgender/gender non-conforming. Another one of these questions could include whether the individual would be supportive of a transgender/gender non-conforming roommate in order to account for those who are not "out" and/or complete their housing placement process with the assistance of familial figures.
- Assign a specific residence hall/floor or section of a residence hall the role of facilitating transgender inclusive housing assignments. While we recognize this is a popularly talked-about option for transgender inclusive housing, it is by no means the only option and is not the priority of our Initiative & Coalition. If the FSU Board of Trustees makes the executive decision to safely and intentionally implement this option, our Initiative & Coalition would support it as a step in the right direction.

## WHAT DOES IT MEAN TO SIGN OUR SIGN-ON LETTER?

Think of our Sign-On Letter as a petition with information. Your signature will mean nothing more or less than a signature of support.

## **ALL THOSE IN SUPPORT:**

### ORGANIZATIONS

1. Gender Odyssey at FSU
2. FSU Students for a Democratic Society
3. FSU Queer, Trans, Intersex People of Color
