

Taeonyx is a predator.

There are NSFW and sexual topics involved in this document. If you are under the legal age of 18 you need to leave immediately. Thank you.

Disclaimer: I have untreated ADHD so if there's any mistakes i'm sorry I really do my best. Also! No AI was used in the process of making this document.

[Edit] Important: *I am using the app imgr to share physical proof of screenshots, but for some people the links do not work, so I will be providing an alternate way through google drive, just keep that in mind! ALSO if the google drive links don't work, simply copy and paste them into your chrome browser and it should come up!, If all else fails, you gotta go get a friend to help you cause i'm out of ideas..*

Hello, since you are here, I want to make it clear this document is entirely for informative purposes only, and I will provide any proof with utmost honesty. This is not made to create a mob, or to send hate to this person. I made this document to inform the public to avoid any more people being groomed, or dragged into "drama" and misinformation. I have proof checked everything provided, on the contrary, I expect to be called a liar. I do not care though, and I want justice for the people who have been affected by this person.

Taeonyx, if you are reading this, and I know you are, I understand we were friends for a long time, and I know you think I have betrayed you, but compared to the person you have been behind my back, I could care less if this makes me a traitor to you. You have hurt too many people for me to associate with you, and I will never be in contact with you again.

And before we get into it, If you are a victim blamer, do not waste your time. You don't even belong here, reading this now. Below I will provide a textbook definition of grooming. If you find yourself confused, read it again.

"Grooming"

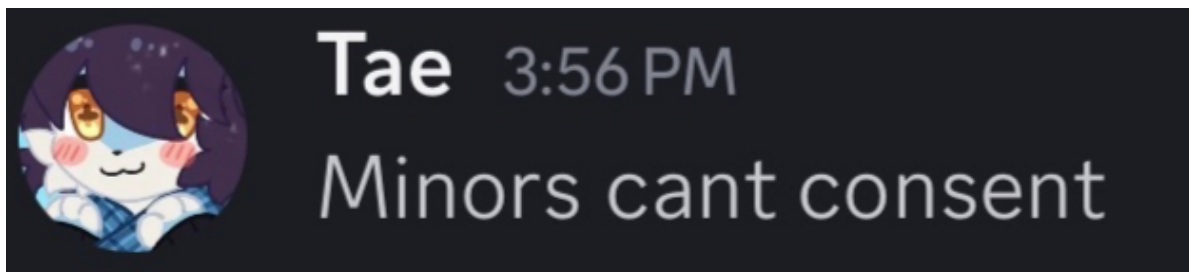

"An act or instance of engaging in behaviors or practices intended to gradually condition or emotionally manipulate a victim over time, as through friendship, gifts, flattery, etc., in order to entrap the person in a sexually abusive or predatory relationship:"

The ongoing targeting and grooming of minors online shows that our safety protocols for children on the internet are insufficient.

Source: <https://www.dictionary.com/browse/grooming>

More below...

- Breakdown (in my words): 'Grooming' is not always inherently sexual. It is also acting in 'friendly' behaviors to manipulate a minor as an adult, usually with negative intent. Typically to abuse the minor's trust and use them for validation, because children are easily trusting and influenced, and like the attention they get from the adult because they feel special and enjoy having an "older" or more "mature" figure in their life. Regardless if the younger party seems consensual, **minors cannot consent.**

Ironic as it is, I will admit this ss was taken out of context with an argument with his ex, but he does honestly admit here that he believes minors can't consent. You will see later how this really bites him in the ass. The reason I am not providing the full screenshot is because he shares private sensitive information about his past, I may be exposing him for a lot already, but I'm not a monster.

From this point on, I will be sharing victim's stories, with complete raw proof. But I will also use code names and cover profiles to protect these people's identity, as that was their wishes.

The first target, I will call her "Lilly."

Lilly is an irl childhood friend of mine. I love her like a sister, and I would do anything to protect her as well as her family, half of my late teens and early adulthood was spent with Lilly and her family, so it angered me deeply to see someone I thought I knew do something like that to my friend. It felt personal from then on, and Lilly deserves justice. In the screenshots below, Lilly was 16 at the time of these messages, and Taeonyx was 25. In our state, 16 is the legal age of consent, but let's be real here. What is a 25 year old doing talking to a 16 yr old like that....

Now, it may seem like this person is enabling, I will defend Lilly to the end of this earth, and this is unfortunately not the first time she has been groomed. She had actually just recently escaped her previous groomer right before Taeonyx. She was not mentally stable, and again, aside from that she **was** a minor so if you blame her you can personally go through me, because we have a major issue.

I am using imgr to show the ss in the best quality I can, because there is SO many, and anyone on mobile can view it too.

Edit: Turns out Taeonyx was currently in a relationship with "Amy" at the time of these messages, so he was cheating on one victim while flirting with another.

Nonconsensual NSFW...

Next, a moment where Tae had commissioned NSFW of two characters that did not belong to him, and did not gain consent from at least ONE of the owners, this is never ever okay to do, and can be considered sexual harassment.

Now I will show a bit where Taeonyx demands that his ex put a 24/7 camera in her bedroom after she had cheated on him early into their relationship. No I do not defend cheating, but the way he goes about this is so downright creepy and honestly angered me. His ex states that she is uncomfortable and scared. He says and I quote “It’s the only way” (to ensure she doesn’t cheat again). The name of the user above is not shown because it is personal info and I’m not trying to dox.

- *ALSO, not quite as relevant, but he lied to me for several months about his ex’s behavior and even encouraged me when I would make hate posts about her because I thought **SHE** was the abuser. He lies a lot, and I’ve caught him in a lot of lies. SO I really hope this brings some light to people he’s been talking to about her.*

A little more info on her if you want to know her experience, she had faced a lot of harassment from not only me, but bridges were burned due to Tae’s lies. She just recently broke up with him for good at the ripe age of 20. Tae is now 28, he had been scoping her out when he was with “Amy”, because they were friends.

He claims a lot of what she says are lies, but she has been nothing but honest with me the entire time I have spoken with her, and does her absolute best to cover her tracks so she can put a stop to Taeonyx's lies. He is actively seeking out strangers, or anyone who has briefly interacted with her, and "venting" to them to get revenge on her for cheating on him. Taeonyx is a manipulator and a horrible person. He has done far far worse than cheating, and cheating is typically the worst thing you can do to someone. It has been months and months of lies and harassment. She deserves better.

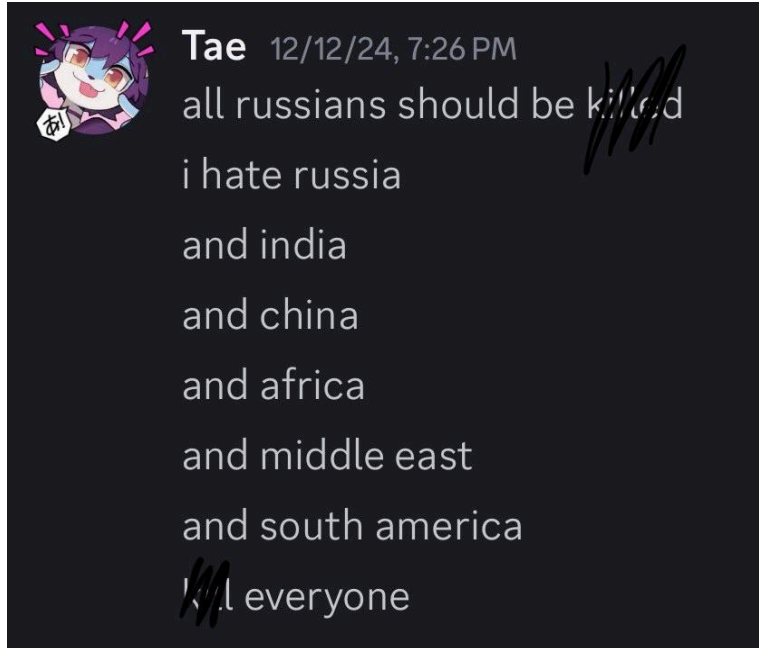

I had known Taeonyx for a very, very long time. I pride myself on being a loyal person, when I found out how he abused my trust to use it against his ex, I blocked him out of my life forever.

Disclaimer: His ex was not a good partner all the time either, but she did not go out of her way to do anything near as extreme as he has. He is also making claims that she is going to hire someone to kill him if he doesn't send her money? Yeah.. that's a load of bullshit.

Also he had this crashout after a Russian hacked into her genshin account or something? It made him so mad I guess he just started getting racist. Aside from context, what kind of situation springs up such a thing to say?

*Giant screenshot below, there are also images of him doing the N*zi salute, with a fake H*tler 'stash, at least a handful of them, but since they involve his face, I won't be providing those to the public...*

So like, half the Globe?

Second target, I will call her “Amy”..

There is not a lot of information on Amy, but what little proof I have should be enough given the previous behaviors you have witnessed. There are claims that “Amy” was about 16 years old when Taeonyx had started dating her, but he claims he started dating her after she turned 18. (*Why was he waiting until someone turns 18 to date them?...*)

Anyways, I had finally gotten proof of what Amy was willing to share, (all due respect it was like pulling teeth..) It is a single screenshot, and I got her birthdate to prove she was 17 during the conversation. The person I was speaking with here knows “Amy” in person as well.

Lastly, there is one more person that went through a lot with him. They were 14 during these screenshots, and there was WAY WAY more on amino, but the app is crashing and the dms have been corrupted, thus leading to having no evidence, other than small bits of discord conversations. I will call this last person "Rae."

Again, Rae was 14 here, and Taeonyx was 21. They chose to forgive him later on because he was kind and well liked by many others, but after seeing that they weren't the only one, it was heartbreaking for them.

A little more on Rae, they spent a lot of time with Tae during the years 2018-19, and during those times, being on Amino, they were groomed basically daily by men in the age groups of 19 - 25. Thanks to that horrible app. They also participated in SEVERAL sexual roleplays and he has confessed his feelings to them before, but that was all on Amino. Due to the psychological damage Rae had received being so sexualized at such a young age, male validation became addictive to them. It was a rough journey but they are doing better now, and far away from Tae.

Conclusion:

If you find yourself defending Taeonyx and his pity stories, I really cannot understand what makes you justify his actions.

Groomers can have a life, they can feel sad, scared, depressed. They can have battles with mental health. It doesn't mean it's okay to defend him just because

his past is catching up to him. Groomers can also have a horrible past, but repeating the actions on other people doesn't justify anything. I advise you to stay away from him, and keep your reputation and mental health safe.

AGAIN!!! This document is for educational purposes only, if you don't want to interact with him, just block and move on. He has been actively messaging artists with a larger following and trying to badmouth his ex, all while trying to get people on his side. I just advise that you ignore any attempts at communication and block him. DO NOT!!!! ATTACK HIM!!! It solves nothing.

You have reached the end of this informative document, If more information comes to rise, I will update it as it goes along. Thank you if you have made it this far, I hope this clears up any further confusion.

Personal message from yours truly to Taeonyx:

Do not reach out to me. I know you can, and I know you will want to after this. I know that you feel angry and shocked, and that I must be doing this out of spite in some way. I am not doing this out of spite. You groomed innocent people.

You groomed innocent children. This was not made because I “sided with your ex”, there was a single section for her, and that is because she deserves to have some say after you dragging people in. Stop focusing on your breakup, please. This is about you messing with kids. All I want, and other people want, is for you to leave people alone and go **GET HELP**. Please, just go seek some actual help. Focus on your school and job you claim so consuming of your life. I WISH I could say this was out of spite or revenge, it's not. Take a look in the mirror and realize you are destructive to other people, and your presence online has left individuals scarred. I do not care if you have a last word to share, and I have done my best to protect your real identity, so thank me for that. All that these strangers know of you is a username. Do us all a favor and leave us alone, and go get help. I loathe you after what I found out you had done. There is no excuse.

I don't believe in cancel culture, and my end goal of this document was to warn people because I was sick of the pressure of knowing how confused so many individuals are, and how people I care about don't have their stories out., AND how I knew *everything*. I felt personally obligated to make this and share it. I have others counting on me who want justice for those who were harmed. I made this document as a warning, to educate people, to have proof to my word. Whatever happens past this point, is not my fault. I have warned everyone reading this not to attack anyone. Just know, Tae, the past will always catch up to you, and there's a lot of excuses people have heard before when it comes to pedophiles, that you have made yourself.
