SUPPORTING STATEMENT

I'm excited to apply for the Finance Apprentice role at the Llay site and wanted to briefly outline why the position really appeals to me.

Sharp's reputation in UK manufacturing and its focus on quality and efficiency make it an ideal place to begin my finance career. The mix of hands-on experience, structured training, and day-release college learning is exactly the development path I'm looking for.

The responsibilities listed—processing invoices, reconciling statements, supporting month-end, assisting with reporting, and maintaining strong relationships—are all areas I'm keen to learn and grow in. I'm organised, motivated, and comfortable working with numbers, and I enjoy problem-solving and keeping tasks accurate and on track. My communication skills and attention to detail mean I'm confident building positive relationships with both internal teams and external stakeholders.

I'm eager to contribute to the finance team, develop my skills, and represent the Sharp brand positively while progressing through the apprenticeship.

Please tell us your salary expectations for this position: My salary expectation would be in line with what is posted on the application
