

WARNING. THIS IS \*NOT\* A DOX DOCUMENT.

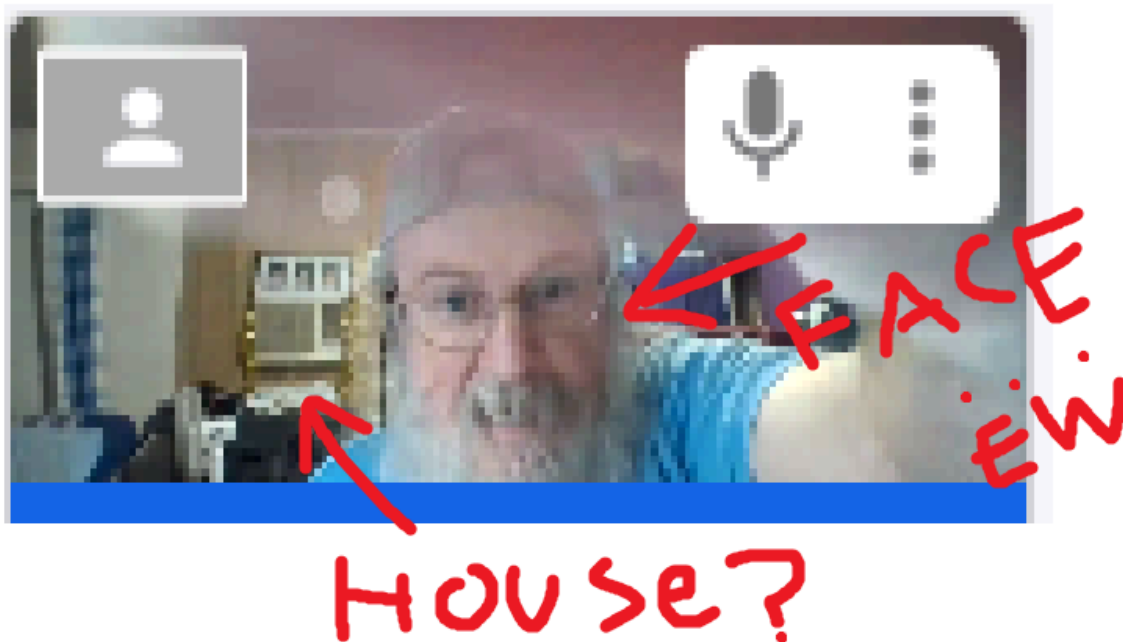

WE DO NOT HAVE REAL INFO ON HIM BESIDES HIS FACE, AND IT IS SHOWN TO WARN THOSE WHO SEE BAD MONSTERS LIKE KLIM AS SHOWN BELOW.

WE DO \*NOT\* ENCOURAGE HARASSMENT OR DOXXING.

Klim (real name unknown) is an Australian (and possibly ill, though unspecified mental illness) man in his 50, 60s, 80s as an average elder age.

lives at some old house of his (as pictured below?). born probably likely in goddamn 1970s or whatever longer than that

And yes, this is his face. This is genuinely him. Apologies for the crappy quality though.

capped likely circa january 1st 2022 (second time he's shown his face. Only time he's shown his house.)

Not much is known about this creep, but he probably had a "job" and it's not fucking painting things. He cannot draw or paint.

But what I do know is; he is potentially pedophilic, and most likely a creep at the same time. and is annoying, too. Basically, Klim likes irl kids.

And he also steals art from anyone at all, especially an artist named "Fig" and "Ena" as well (has since left) but mostly art from me. He then edits my art or anyone else's to stupid shit like "Drawing Tools" and shows a picture of crayons, which obviously are not used.

He is NOT like any other troll or toxic person you'd see. He's just a potentially dangerous, and an annoying individual.

he would usually be a "troll" to anyone else, but this document will prove that wrong.

he also goes on altchans (or was always on there before partaking in both the original site 4chan and altchans like the 9chan, and the recent 77ch.nl/.ga)

he formerly harassed another one called "analogman", whom is not the main focus

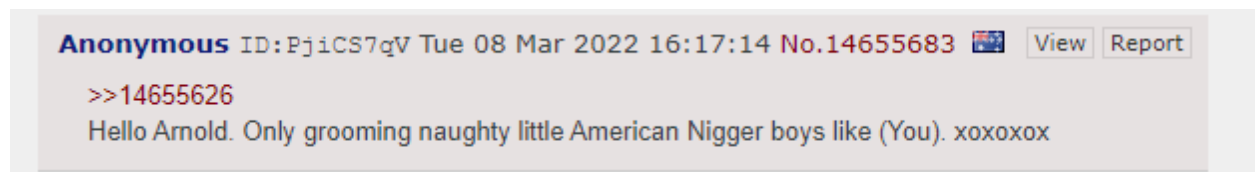

He is known as "Anonymous" most of the time, but I know damn well he's posting. He has sometimes frequently used names (before he arrived on /b/) like "Dr. Poop", and some others which will be added here soon.

Now, when he's not harassing any victims - that are more normal, and have morals - like he does, he goes on to make weird if not bizarre/racist comments and/or posts like this, some of which may not be very often

<https://archived.moe/bant/search/text/donkey%20semen/country/au/> (please have an adblocker before entering.)

(this part is weird but nowhere as bad as the "l\*ttle boys" crap he says. And he is racist and tries to act like a "Cutesy " person, which he is not in his pathetic life.)

No one called anyone santa... except (You), anon.... Didn't he get you your inflatable bouncing castle for Xmas and you are still pissed with him about it?  
Naughty boy.  
OC.

It may not have been much, but this, this is what happens when an elderly demented and deluded FUCK doesn't control their own self. Mostly with cases of pedophiles as pictured here.

He had literally tried dating me at one point, but still had to be shown too. Don't care if he's "joking" or deflecting in defense. He's still not supposed to do that at all, even if it's a minor or not. This was on 9chan before it closed down, a former altchan like 4chan but with board creation, though you needed to make an account there.

Seriously I was a freaking minor (16/17) at the time, and Klim was fucking being creepily suspicious with me. Now that I know his face I can finally see why the fuck he would definitely act like the way he acts. If he tries to say he "joked" with me, show him this.

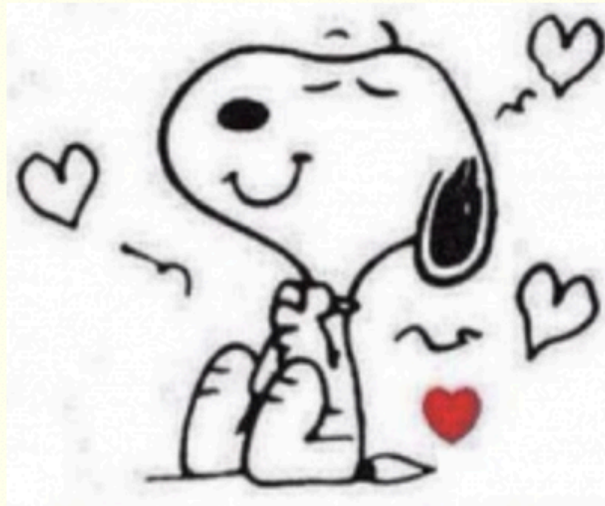

Below is my face from (possibly) January 2021, pictured as a 16 year old teenager. Him admitting to want to crush on me.

🚫 ❤️ I have a CRUSH on Yonkers! Klim !usSw0xBxAw

**I have a confession to  
make:**

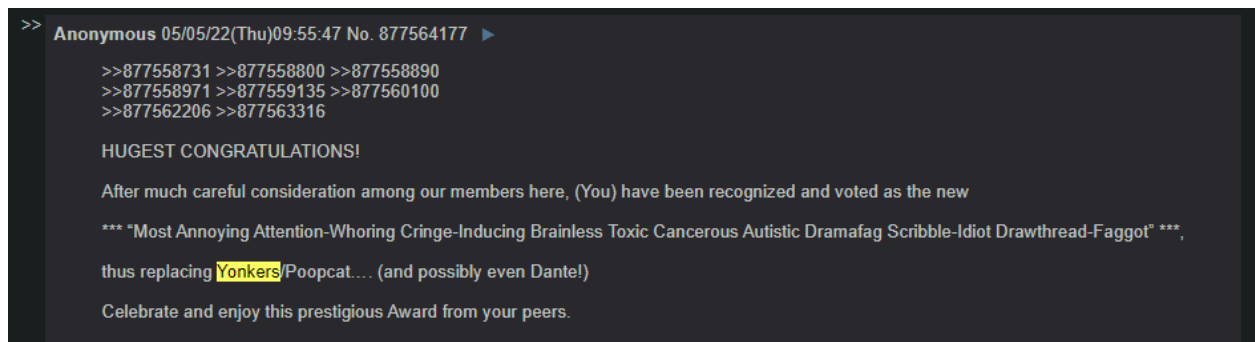

**I HAVE A CRUSH ON YONKERS!**

Sometimes he'll also make comments like this. He'll never have an animal crossing gf or whatever.

He had said the same thing about other loli girls too but that's not related.

Or any loli crap (considering he's ALSO been replying to this shit as well)

He constantly makes cypypastes like this example picture.

More include:

"The Yonkers Game"

"[insert comment here], huh?"

"RIP" he sometimes says this

"???"

Unfortunately he still says at least half of this.

None of this is faked either, days of research and digging have led to this

Here is him being a creep again. He often mentions "kid sisters", and then when confronted about it he blissfully ignores as if I didn't see his confirming comments already. Also does it on /b/ drawthreads

This happened to my kid sister

Once again him being fucking bizarre and not in a good way, which is a major red flag. Even for someone in Australia.

He needs to be stopped, immediately. He has a fucking sexual focus on real children (even if they're 10-12 for his age, still gross for him) or something, joke or not. Even if he didn't, it is still not okay for anyone like him to say stuff like this, whether it be a joke or not. No one should have to let any creeps, even as crazy as Klim - go scot-free.

(And yes, this is ALL him. He'd usually be on /bant/ but goes on /b/ as well. These are the 2 boards he frequents on imageboard 4chan)

he used to make lots of threads including "yonkers", whom he dubs formerly

<https://archived.moe/bant/search/text/yonkers%20thread/country/au/type/op/page/1/>  
<https://archived.moe/bant/search/text/yonkers%20thread/country/au/>

and some racist comments along the way too

<https://archived.moe/bant/thread/14206809/#14212894>

<https://archived.moe/bant/search/text/niggah/country/au/>

(a full list instead of just individual links. look at the use of "kek" or something from said aussie instead of other australians saying it, and other filenames like fart2.png or whatever he does)

i dont care if they're broke i will eventually replace the link with a new one

also another one, he posts weird images or edits them with his own name on it.

<https://archived.moe/bant/thread/14182376/#14187157>

Has recently gone back with posting children on an altchan site. We will not post his posts here, but he has done this.

He's also too oblivious to accept that he's literally a pedophile in denial, and he speaks in third person. All the fucking time.

He keeps calling himself Santa as well. Very funny, the real Santa isn't a pedo.

Some quick / long rundown of him of actions he did besides existing lol:

Like I've said before, he's an australian in his 60s but not a normal one

he **deflects** when confronted about his **dangerous** (or annoying art-theft) actions, even "minor" creepy ones

he **groomed** me with making weird moaning noises in my past stream (something i dont want to archive, likely lost media, he and his moans are fucking disgusting much less his face being capped. it's enough disgust), and about many weird shit he's said that i told him no. multiple times.

he fucking thinks we love him when we don't, he fucking thinks he has a lover, like dude we don't want to have sex with or appreciate an elderly man going after someone so maliciously, autism or not

As of 2024, he posts emojis (and since forever,) tries to deny his own face. He calls himself Santa (when santa's way, way more normal and tolerable than this fucking elder of a creep) He's also somewhat psychotic, delusional, or a schizophrenic. likely deluded/schizo or whatever, He obviously makes false claims like "toilet man" or "bowel boy" exists, whether because he thinks he's created ANYTHING in his life or he thinks "yonkers licked shit which he obsesses a lot (i've never ate it. Grow the fuck up)".

and he thinks i created it when i've never thought of something like this.

he's also the one fucking obsessed with poop and enables it on me, like many others

also, like the other trolling fucks he's compared me to a sick fuck who had been harassed since 2007 that did his mother years later in 2021.

i dont like chris chan and i dont want to search for him again, nor be compared to that utter freak

(and because of literally one thread from years ago, this resulted in others calling me poopcat for no reason at all. But it happened before he started the game too.)

TL;DR I've been fucking harassed for way too long, more than only in 2019. By many other trolls. One of them was a huge freak.

And this SICK prick takes the cake for literally being the worst out of all. He needs something like this done to him. He needs to be stopped, I cannot fucking hold the silence anymore, I will not let someone fucking think it's okay for a pedophile (From about any country, like australia) or any dangerous criminal to fucking harass me and groom me. Especially when I was GODDAMN 17 at the time!!! I'm 18 as of my birthday and his actions aren't forgivable

No, this is not meant to be doxxing btw, but meant for a warning to those if you encounter him or anyone else like this. Stay safe and possibly report them to a local authority if they ever do more concerning shit, in this case, it's Klim. Or "ignore" him, he'll probably die out less than soon.

And to klim if you think none of these posts are you, well, too bad I have evidence that you're still snooping around. Fucking get caught. Had this been probably more complete and more clear, I would've not cared too much editing this. If he's not a "pedo" then he's still some sort of creep with dementia.
