

TRADING EDUCATION DISCLAIMER

The information, content, charts, market analysis, examples, and trading strategies shared by us are provided **strictly for educational and informational purposes only**.

We do not provide investment advice, financial advice, portfolio management services, stock recommendations, or personalized trading advice. The content is intended to help individuals understand concepts related to the **Indian stock market, derivatives, technical analysis, price action, risk management, and trading strategies**.

Important Risk Disclosure

Trading and investing in financial markets, including **NSE/BSE equities, Nifty, Bank Nifty, Sensex, futures, options, and other derivatives**, involves substantial risk of financial loss. Past performance, hypothetical results, back-tested results, or examples do not guarantee future results.

Any profit, return, or performance shown in examples, screenshots, charts, or educational material is **not a guarantee of future performance**.

You should conduct your own research and, where appropriate, consult a **SEBI-registered investment adviser or other qualified financial professional** before making any investment or trading decision.

No Guarantee of Profits

We do not guarantee:

- Profits or a specific rate of return
- Any particular trading success rate
- Recovery of trading losses
- Accuracy of every market prediction or analysis
- That any trading strategy will work in all market conditions

Market conditions can change rapidly, and technical or fundamental analysis may not always produce the expected outcome.

Trading at Your Own Risk

Any decision to buy, sell, hold, or trade a financial instrument is solely the responsibility of the individual. You are responsible for evaluating your own financial situation, risk tolerance, and investment objectives.

Never trade with money you cannot afford to lose.

Educational Examples

Any trade setups, entry levels, stop-loss levels, target levels, charts, option strategies, or market observations shared during educational sessions are **examples for learning purposes** and should not be interpreted as a recommendation or instruction to execute a trade.

Actual market prices may differ due to volatility, liquidity, brokerage charges, taxes, slippage, execution delays, and other market conditions.

Regulatory Disclaimer

This educational content should not be considered a substitute for regulated financial advice. Users should independently verify the regulatory status and credentials of any person or entity providing financial services or investment advice.

Where applicable, users should refer to official information and regulations issued by **SEBI, NSE, BSE, and other relevant authorities**.

Final Disclaimer

By accessing our educational content, joining our groups/channels, attending our classes, or using our educational material, you acknowledge that:

Trading involves significant risk, and you are solely responsible for your own trading and investment decisions. We shall not be responsible for any direct or indirect loss arising from decisions made based on educational content, market analysis, examples, or information provided by us.

For educational purposes only. Trade and invest at your own risk.
