Fractions:

NUMBER

Using picture and clue students divide 36 by ¼

TEXT

Divide ⅝ gal of milk by 1/32 per serving=20 servings

NUMBER

Text clue and recipe; divide measurements in half, text clue says to mix eggs, sugar, butter, vanilla (solve in that order) using only the ¼ measuring cup and the ¼ tbsp measuring spoon:

egg=¾ (3 scoops)

sugar= 1 ½ c (6 scoops)

butter= ½ c (2 scoops)

vanilla= ¼ tbsp (1 scoop)

COLOR

Using picture clue, the box fits 20: multiply by the fractions in the list on notepad in that order by 20 and match the number of each answer to the color:

Answers:

NUMBER: 144
TEXT: TWENTY
NUMBER: 3621
COLOR: BLUE, RED, GREEN, YELLOW
