Helpful Tips:
PLEASE READ CAREFULLY

- **BODY ART**

- Avoid being sunburnt
- Feel free to moisturize the area the week leading up to your appointment.
- Please drink lots of water and eat before your appointment.
- **LEADING UP TO YOUR APPOINTMENT DATE:** You will connect with Ashley the week of your appointment to discuss/finalize details of your design, placement, size and price. Please know within reason what you are looking for. You most likely submitted a request form which gave details based off what you were looking to receive. I will always work with you to come up with an idea that you love- but “idk” or “not sure” is not acceptable when referring to your design. If you are unsure or cannot make a decision, we will reschedule or cancel your appointment as this is not productive or helpful. Tattooing is permanent and this is your body, meaning it is your decision and not mine to make for you. Thank you for understanding.

- **PERMANENT MAKE UP - Brows & Freckles**

- Avoid Botox/injectables in the treatment area 30 days before or after.
- Must be off accutane for 1 year minimum.
- STOP all active skincare products (retinol/ glycolic acids/ tretinoin, etc) at least 3 weeks before appointment.
- Avoid being sunburnt in brow/face/forehead area.
- Avoid blood thinners or caffeine 24 hours before appointment (unless medically necessary)

PAPER COPIES ARE AVAILABLE AT YOUR APPOINTMENT FOR SIGNING.
PLEASE JUST VIEW.

A waiver is not required if booking a consultation.
