

503 STUDENT ATTENDANCE

I. PURPOSE

- A.** The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B.** This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teachers and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

A. Responsibilities

1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.
- b. In accordance with the Minnesota Compulsory Instruction Law, Minnesota Statutes, section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. A parent, guardian, or other person having control of a child may apply to a school district to have the child excused from attendance for the whole or any part of the time school is in session during any school year. Application may be made to a truant officer, or the school official designated by the principal. A note from a physician or a licensed mental health professional stating that the child cannot attend school is a valid excuse.
- b. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school. A note from a physician or a licensed mental health professional stating that the student cannot attend school is a valid excuse.
- c. The board of the district in which the child resides may approve the application under paragraph (a) above upon a legitimate exception being demonstrated to the satisfaction of that board.
- d. Legitimate Exceptions

The following reasons shall be sufficient to constitute excused absences:

(1) that the child's physical and mental health is such as to prevent attendance at school or application to study for the period required which includes:

(a) child illness, medical, dental, orthodontic, or counseling appointments; including appointments conducted through telehealth.

(b) family emergencies;

- (c) the death or serious illness or funeral of an immediate family member;
 - (d) active duty in any military branch of the United States;
 - (e) the child has a condition that requires ongoing treatment for a mental health diagnoses; or
 - (f) other exemptions included in this attendance policy.
- (2) that the child has already completed state and district standards required for graduation from high school; or
 - (3) that it is the wish of the parent, guardian, or other person having control of the child, that the child attend for a period or periods not exceeding three hours in any week. Instruction conducted by a Tribal spiritual or cultural advisor; or a school for religious instruction conducted and maintained by a church, or association of churches, or any Sunday school association incorporated under the laws of this state, or any auxiliary thereof. This instruction must be conducted and maintained in a place other than a public school building, and it must not, in whole or part, be conducted and maintained at public expense. A child may be absent from school on days that the child attends upon instruction according to this clause.

e. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.

2. Unexcused Absences

a. The following are examples of absences which will not be excused:

- (1) Truancy. An absence by a student which was not approved by the parent and/or the school district.
- (2) Any absence in which the student failed to comply with any reporting requirements of the school district's attendance procedures.
- (3) Work at home (unless an exception is granted by the principal).
- (4) Work at a business, except under a school-sponsored work release program.
- (5) Vacations with family without prior approval from the principal.
- (6) Personal trips to schools or colleges without prior approval from the principal.
- (7) Absences resulting from accumulated unexcused tardies. Excessive tardies may equal an unexcused absence.

- (8) Any other absence not included under the attendance procedures set out in this policy.

b. Consequences of Unexcused Absences

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

- (4) Students with unexcused absences shall be subject to discipline in the following manner:
 - (a) Each unexcused absence will be reported to the student's parent or guardian.
 - (b) After such notification, the student or his or her parent or guardian may, within a reasonable amount of time, request a conference with school officials regarding the student's absences and the prescribed discipline.

C. Tardiness

1. Definition: Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.
2. Procedures for Reporting Tardiness
 - a. Students tardy at the start of school must report to the school office for an admission slip.
 - b. Tardiness between periods will be handled by the teacher.
3. Excused Tardiness

Valid excuses for tardiness are:

- b. serious illness in the student's immediate family;
- c. a death or funeral in the student's immediate family or of a close friend or relative;
- d. medical, dental, orthodontic, or mental health treatment;

- 2. School-initiated absences will be accepted and participation permitted.
- 3. A student may not participate in any practice or event/competition if he or she has an unexcused absence from any class during the day.
- 4. Students serving in-school suspension or out-of-school suspension will not be allowed to participate in practices or events/competitions during the suspension period.
- 5. After excessive excused absences, as determined by the activities director/principal, the school may require a dental/doctor's note prior to participation in practices.
- 6. In order to participate in an extracurricular event/competition, the participant must be in attendance the entire day of school on the day of the event. Students are also expected to be in school on time and for the entire day following a scheduled extra-curricular event/competition. In the event a student is not in attendance at school the day following an event/competition, the student will lose the opportunity to participate in the next scheduled event/competition. Exceptions would include an advanced notice call or note from dental/doctor appointments, funerals, or unique situations as determined by the activities director/principal. Only the activities director/principal can approve absences the day of an extracurricular event.
- 7. The principal may make a group exception. An example would be arriving back to school at 1:00 a.m. or later after an event.
