

Can't find your purple puzzle piece for Read and Write for Google Chrome?

Be sure you are using Google Chrome as your browser and be sure to sign into Chrome (this is different from your Gmail account - see snip below for where to do this). Choose LINK DATA to begin seeing your extensions.

- If you were already on a page before you added your extensions, you may need to refresh the page to get your extensions to work.
- If it is still not working, minimize your window. There may be a permissions pop-up that is hiding behind your current window!
- Looking for how to use all the tools, including the very helpful highlights tool? [Click here!](#)
