**SEPERATOR SPECIFICATION SHEET**

|                        |                        |
|------------------------|------------------------|
| <i>Company name:</i>   | <i>Postal address:</i> |
| <i>Contact person:</i> |                        |
| <i>Phone No.:</i>      |                        |
| <i>Cell phone No.:</i> | <i>Email:</i>          |
| <i>Fax No.:</i>        | <i>Web address:</i>    |
| <i>Item No.:</i>       | <i>Quantity:</i>       |

**OPERATING CONDITION**

|                              |  |
|------------------------------|--|
| Fluid*:                      |  |
| Flow rate*(kg/h):            |  |
| Molecular weight:            |  |
| Operating pressure*(barg):   |  |
| Operating temperature*(°C):  |  |
| Compressibility:(Z)          |  |
| Max. pressure drop*ΔP(barg): |  |

**Material Construction**

|                          | Vessel | Internals |
|--------------------------|--------|-----------|
| Design temperature (°C)  |        |           |
| Design pressure(barg)    |        |           |
| Material                 |        |           |
| Corrosion allowance (mm) |        |           |

**Connections**

|            | Inlet | Outlet | Drain |
|------------|-------|--------|-------|
| Size/ type |       |        |       |
