

TSARR Technologies - FAQ Answer Sheet

2025

1. How can we donate?

We offer several donation options directly through our website, including PayPal and Stripe. For formal partnerships or larger sponsorships, you may submit the company form or contact us directly.

2. What does your company do?

We create, innovate, consult, speak, and develop solutions that make a tangible impact. TSARR specializes in healthcare technology and innovation, and we are dedicated to holistic problem-solving.

3. How can we stay up to date?

You can follow us on social media or subscribe to our updates. Sponsors and partners can also request a formal update plan.

4. Who can apply for community outreach?

Currently, our outreach supports verified patients with financial hardship. For May 2025, the initiative provides assistance with pain medication up to \$30.

5. How do I apply for outreach assistance?

Visit the community outreach section on our site, fill out the required form, and schedule a call with our team to verify your prescription and eligibility.

6. What does 'TSARR' stand for?

TSARR is a symbolic name representing our dedication to nurturing the soul of humanity through technology. It is rooted in legacy, strength, and visionary purpose.

7. What is your current funding goal?

Our current roadmap is divided into four phases, with our next milestone focused on manufacturing setup and MVP deployment. See the funding section for a breakdown.

8. How can we support without donating money?

You can support by sharing our mission, offering mentorship, contributing services, or helping spread the word. Every form of support matters.

9. How can I schedule a meeting?

You can use our embedded Calendly scheduler on the site to book a 15-minute verification or discussion call with us.

10. Do you accept volunteers or interns?

We are open to collaborative support. Please contact us directly or submit your interest through the support section of our website.

11. What types of technology are you working on?

Our focus includes real-time diagnostics, wearable devices, noninvasive sensors, and holistic data systems designed to improve patient experience and healthcare outcomes.

12. Are your products available yet?

We are in the prototype and early development stage. Public release timelines will be shared in our updates section or via email subscription.

13. Can organizations partner with you for events or outreach?

Yes! We welcome partnerships that align with our values. You may submit a proposal or reach out via our 'Company Collaborations' form.

14. How can I become a sponsor?

Use our Stripe or PayPal donation options or contact us for custom sponsorship tiers, benefits, and long-term partnership planning.

15. Where can I find your pitch deck and documentation?

Visit the 'MAP' section or the dedicated Pitch Deck page. We provide downloadable resources including a pitch deck, grant FAQ, and funding sheet.
