

Guide to Room Use and Technology

This guide explains the equipment set up at church for the general public and is updated as the room/equipment changes. Feel free to use these spaces but please return them to their original condition when done. Contact office@cumc.nyc if you need long-term storage as unattended material may be disposed of overnight.

Wireless Network

2.4 GHz network

- SSID: cumc
- Password: the usual one beginning with 6

5 GHz network

- SSID: CUMC_NYC
- Password: same as above

Grey Room

Previously the nursery, this ground-floor space is set up for medium sized meetings and dining.

Connecting to the TV

This device is not connected to any service providers and you will need to supply content via one of the following options.

- ~~Chromecast~~

- ~~○ For most phones and computers~~
- ~~○ Press "Source" on Samsung remote -> "Chromecast / Apple TV"~~
- ~~○ Set Techole HDMI Switcher to #1~~
- ~~○ On source device, Chromecast to "Gray Room TV"~~

- Apple Airplay

- For Apple iOS devices
- Press "Source" on Samsung remote -> "Chromecast / Apple TV"

- Set Techole HDMI Switcher to #2
- On source device, Airplay to “Gray Room Apple TV”
- **Miracast**
 - For screen share via Windows and most Android devices
 - Press “Source” on Samsung remote -> “Remote Access” -> “Screen Share (Wireless)”
 - On source device, Screen Mirror to “Samsung 7 Series”
- **HDMI cable**
 - Plug your device into the HDMI cable
 - Press “Source” on Samsung remote -> “Chromecast / Apple TV”
 - Set Techole HDMI Switcher to #1
 - On source device, output to “HDMI”

Meeting Room

Previously the office, this ground floor space is now set up for small private gatherings. A craft corner is stocked for homework and paperwork.

Connecting to the Projector

1. Press power button once (highlighted by blue arrow)
2. Chromecast from your phone or laptop to “Meeting Room Projector”
3. When done, press power button twice to shut off projector

Connectivity

There is a Chromebook in the top right credenza drawer that you can use by logging in with any @gmail.com, @cumc.nyc or guest account. You can Chromecast from this device.

In the same drawer, there are Micro USB with USB-C adapter and Lightning cables to recharge your electronics. These can be plugged into the two USB chargers at either end of the room.

Fitness Room

Previously Room 405. See cumc.nyc/fitness

Notes

- Contact us at office@cumc.nyc if you have questions or suggestions
