  - Nelala Novilunium (adopted older sister)
  - Styrngeim Novilunium (adopted older sister)

  - Eysteinn ~~Hyut~~ (blood related brother)
    - He dropped his surname after leaving
- **Patron Deity:** Oschon
- **Birth Place:** Unknown
- **City State:** Gridania
- **Grand Company:** Order of the Twin Adder
- **Job Classes:** Bard, Dancer, Red Mage
- **Sexual Orientation:** Panromantic Demisexual
- **Personality:** Eydís (Eddie/Eddy) is a Rava viera who's fun-loving, cares a lot about her friends and family, and is always willing to help out. However, she tends to be reckless and gets into a lot of stupid stuff, which she can usually get out of. In short she's also a "heart of gold, dumb of ass" LOL ( just like her father X'guray). A bit flighty and wild, but she's a kind soul that's always there to help someone out.
- **How she was adopted:**
  - After getting lost in the Golmore Jungle, Eydís wound up close to the Orbonne Monastery. At this same time, the Warrior of Light was involved with the Ivalice raids. Right before they entered the monastery, C'zumah Tia spotted Eydís hiding in a bush. She was covered in dirt, cuts, and bruises. She was scared to see him,

but he assured her that he wasn't going to hurt her. He then picked her up and took her back into the ship rather than join the Warrior of Light and the others into the monastery. He then asks her who she was and where she lived, but in her panic, Eydís could only remember her name. C'zumah then decided to adopt her into his family.

- **Story:**

- A brand new adventurer that recently registered at the Carline Canopy in Gridania. Eydís joins her five older siblings in their adventures throughout Hydaelyn, experiencing the new world her parents and their friends helped save.
- Her story is still going onward!!
  - *A.K.A.: her story is set into a far future so even idk what her whole story is yet LOL*

- **Relationships:**

- **C'zumah Tia:**
  - One of Eydís's fathers. From the stories she's heard about, her father is cold and aloof to many people except to her other dad X'guray. To Eddie, she finds him kind and caring, but also kind of a worrywart. Despite the fact that she has grown taller than him, Eydís will always be one of his little girls. She calls him "dad" or "father".
- **X'guray Novilunium:**
  - One of Eydís's fathers. The parent Eydís takes after the most. Like her, X'guray is outgoing, carefree, and kind to everyone he meets. Also like her father, they're both dumb as hell but with hearts of gold. She calls him "papa".
- **Himawari Akiyama:**
  - One of her fathers' friends, so she calls her "Auntie Hima". Himawari sees her like a mini X'guray; kind, caring, and energetic. However, Eydís's recklessness causes Himawari to worry.
- **Nergüi Iriq:**
  - One of her fathers' friends. One of the most responsible adults she knows. When she and her siblings were children, Nergüi was one of the people who would babysit them when X'guray and C'zumah were away. Eydís

remembers the times that her fathers left her in his care for a few weeks for an adventure where she was so hyper that she got separated from the group in Old Gridania. She was later scolded by the xaela man, and eventually her fathers.

- **Sarangerel Qestir:**

- One of her parents' friends. Sarangerel and Eydís get along pretty well due to their similar personalities! When she was younger, Eydís always stayed by her Auntie Saran's side when she visited. She enjoyed listening to her read stories to her or ones that Saran has experienced herself! She hopes to surprise her auntie with a visit now that she's joined her siblings as an adventurer.

- **Tsolmon Himaa:**

- One of her parents' friends. One of her more serious uncles. Tsolmon worries about the viera a lot due to her similarity to X'guray and Sarangerel. He gets teased a lot by her, but he thinks that she'll eventually grow out of it as she continues to grow up. Whenever Eydís and her siblings stop by his shop in Limsa Lominsa, he gives them discounts and a few free items.

- **Runavera Aquilastella:**

- One of her parents' friends. Eydís loves how outgoing and cool Runa is and wishes she can go on an adventure with her one day! However, C'zumah is a bit against the idea if there isn't a healer with them.

- **Minsarn Noykin:**

- One of her parents' friends. Eydís sees Minsarn as the cool healer that doesn't tolerate annoying people who screw up too much. She wants to be tough like Minsarn one day!

- **Aslan Anselidris:**

- One of her parents' friends. To Eddie, Aslan is her cool uncle who's very brave and a strong tank! She does think he likes sweets a bit too much, but that's just her opinion since she doesn't like sweets as much as he and her Auntie Himawari do.

- **Aulizee Vymaris:**

- One of her parents' friends. The eldest of her fathers' friends. Auntie Aulizee is one of the best dressed adventurers she knows! However, this causes Eydís to feel the need to dress as nice as she can when Aulizee comes to visit.
- **Tsuki Novilunium:**
  - Eldest of the Novilunium children and a keeper of the moon. Pretty much the leader of the group. She acts more like C'zumah without the cold attitude of his youth. Eddie gets along well with her and sees her as a role model.
- **Nelala Novilunium:**
  - Eydís's second older sister. A Plainsfolk lalafell. She may be the shortest, but she's a powerful warrior and carries a heavy ax. Eydís loves spending time with her older sister, especially when they spar. Overall, Nelala has one of the brightest smiles and is one of the strongest people in the group. However, the little lalafell has a short temper. Eydís fears her the most when she gets mad.
- **Fugetsu Novilunium:**
  - Eydís's older brother. He and Eydís get along really well due to their similar personalities. In a nutshell, Fugetsu is like a jock with a kind heart. He does get a little competitive with their sister Styrngeim when it comes to strength, mainly because they're workout buddies. He's the second tallest among the 6 of them.
- **Styrngeim Novilunium:**
  - Eydís's third older sister. She's the second-to-last youngest, but she's the tallest among the 6 of them with Eydís being the third tallest. She and Tsuki usually are the ones to try to de-escalate any arguments between any of the siblings (it's mostly Léandre and Eydís though ahfddhfjdk).
- **Léandre Novilunium:**
  - Eydís's second older brother. Among her siblings, he's the only one she doesn't get along with as well as the others. Léandre is serious, and usually the one in the group who goes against any nonsense that happens in their group. While they argue the most, she does look up to him. Eydís just can't figure out why he hates her so much... (he doesn't but fhshfjsjfk

this boy is a tsun). Deep down, he cares about her a lot and would protect her with his life.

- **Dobrothgar Dzvezdasch:**

- One of Eydís's retainers. Dobrothgar was a wandering adventurer starting anew in Eorzea, specifically Gridania. He needed a job and found work as a retainer. He and Eydís met when she came to the Retainer Vocate in Gridania. The two have been close ever since. Dobrothgar sees Eydís as a younger sister rather than a master (as she had told him to not refer to her as such). The two have tea together and sometimes will go on a venture or two to spend time with one another.

- **Eysteinn:**

- Eydís's long lost older brother. Eysteinn had been wandering almost all of Hydaelyn in search of his sister. The two were very close when they were children, but now they're like complete strangers. A few days before Eysteinn was to leave the village to be with the other male viera, Eydís wanted to go out and play with her brother. He told her "no" since he needed to prepare, but Eydís's curiosity got the better of her and she vanished from his sight. Due to this, his relationship with his mother grew bitter and full of resentment. Their mother died some time after he left the village; they never made up. Twelve years after Eydís's disappearance, he leaves the Golmore Jungle for good. Somehow he manages to arrive at Limsa Lominsa, where Eydís and her adopted siblings happen to be as well.

● **Trivia!.**

- Her family runs an orphanage in Gridania where her fathers met. She grew up with the kids there.
- Having two adventurers for parents inspired her and her siblings to go off on their own adventure when they were all old enough to leave. When she turns 16, she's finally able to go on adventures with her siblings.
- Both of her fathers worry about her the most since she's their youngest and the most reckless of their kids.
- Her main classes are red mage, dancer and bard while her second classes are fisher and culinarian.
- She named her grand company chocobo long before reuniting with her older brother, so he's not named after Eysteinn. When her chocobo was issued to her, she just said the first name that came to her mind.
  - Eysteinn (her brother) doesn't get along with Eysteinn (the chocobo) for some reason lol

- Eydís is usually the first to respond to a cry for help, but Léandre warns her to be careful since it could be someone who's just planning on taking advantage of her kindness. (She never listens to him however because she refuses to ignore a cry for help).
- Eydís tends to like dark colors, specifically red, blue, black, and violet.
- She smiles so sweet but can break your neck if you dare!! She's stronger than she looks!!
- Eydís is a klutz... her siblings don't let her do any chores no matter how much she wants to help.
  - Especially when it comes to dishes because she has butterfingers.... She will drop almost every fine china you have...
