Team Name: Crazy Recipes
Report Number: 13
Reporting Week: 13 (Week of April 9th, 2023)

Summary of work completed in prior week:

The focus this week was wrapping up loose ends in both the frontend and backend, as well as adding nice-to-have features that were missing. We also presented a working application for the backend presentation.

Summary of work planned for next week:

We will continue adding missing features and testing all currently implemented features.

Open issues and action plan to resolve them:

There are no issues at this time.

Project management summary

Team member	Tasks completed	Hours worked for week	Total hours
Andrew	Minor fixes/improvements to website, frontend & backend, worked on documentation.	2	27
Chris	Added feature where in the pantry the user can click the "enter" instead of "add" and the text fields now reset after submission. Started reading about sanitizing string with intent to implement this week	3	28.5
Graham	Finalized the backend database structure and created the pseudo-code for the filter to work.	3	30
Juno	Added timers, toast messages, and did bug fixes in frontend, implemented search algorithm and part of database controller in backend	4	34
Justin	Worked on backend implementation.	2	23

Meeting summary
For each team meeting provide the date, time, and location of the meeting. Indicate which members attended the meeting and action items discussed in the meeting.

9:15-9:30 AM, April 6th, 2023 @ Snell B10L - Attended by Chris & Juno

Quick catch-up of available frontend team members. Most of us had a very busy week (exams, presentations, etc.) so we opted to coordinate over Discord and work on the repo individually.
