Students practice being Collaborators and Communicators in the Thai Class.

NEWS

Dear TCIS Community,

Learning and Growing Together

This year is a Western Association of Schools and Colleges (WASC) self-study year for TCIS. This simply means that parents, teachers, students, staff, board members and administrators will work together to look at how we are doing as a school and how we can improve in an effort to making this the most effective learning environment for our students. On Monday, we had our lunch meeting and it was great to see everyone collaborating.

Events and Activities

This month our Student Learner Outcome (SLO) focus is on being an *Effective Communicator*. At home and at school we can encourage students to be both active listeners and speakers in many languages. They can do this by listening closely and responding appropriately.

Thank you and here's to a great week!

Dr. Betsy

LIBRARY

There was a lot of fun in the library this Friday with students celebrating author Eric Carle by making hair clip caterpillars.

ART

Art club for G.3 - 4 will start next week. Students will learn new artistic techniques as well as experiment art through STEAM activities.

The club will run after advisory period from 2.30-3.10 p.m. Each class will be learning twice a month.
