

[Template] Pledge to Vote

Voter research shows that asking people to fill out a pledge to vote card increases voter turnout. Pledge cards have dual purposes. First, they communicate important election information, such as deadlines to register to vote and apply for a vote by mail ballot, as well as reminding people of election dates. Second, they capture a person's contact information so they can be sent reminders to vote.

Below are templates for a virtual and paper "I Pledge to Vote" card. The virtual pledge card can be set up using google forms or form site.
