**If They Ask You Who You Are**

By Kartar Singh Sarabha

*If they ask you who you are  
Tell them that your name is Rebel  
That your occupation is to wipe out tyranny  
That your work is to create ghadar  
That this is your namaaz and your sandhya  
That this is the way you worship  
That this is your only true religion  
That this is your khuda, that this is your Ram*
