

Kimberly
SOFTBALL

Thank you for your consideration in supporting Kimberly Softball Organization (KSO).

KSO is a volunteer-run, nonprofit, youth sports organization that develops young ladies in the Kimberly Area School District into great softball players and individuals. We work closely with the Kimberly High School coaching staff to prepare girls to be future Papermaker softball players.

An important contributing factor to the success of our season is the support we receive from the community through our sponsorship program. Support from businesses like yours is essential in allowing KSO to continue to operate effectively, offset expenses for equipment and tournament registrations while keeping our program affordable for families.

Thanks to the great support we have received in the past few years and with lots of hard work from our participating families, we have been able to make some significant improvements. These improvements included adding batting cages, improving our pitching machines, purchasing new catchers' equipment, and adding a storage shed by our field. We have also been able to contribute toward training opportunities with community partners like 360U and rent practice space, when spaces in the district are limited due to other sports. These improvements and opportunities allow our players to work hard, improve, and stay safe.

While the improvements added these past couple of years are awesome, we have more improvements on the horizon, including adding an additional practice infield. We currently have 13 teams and primary use of one softball field so resource improvements will be a top priority. Again, our mission is to allow local girls to improve, grow, and develop as softball players and as individuals.

All of these things are made possible through our Sponsorship opportunities. Thank you in advance for considering a sponsorship level below for our 2025 season!

Sincerely,

Kimberly Softball Organization
