

CMS Recommended Websites for Students 4-7th grade

Electives - All Grades

Grade	Subject	Purpose	Link	Login process -	Teacher
Technology	All Grades	I am going to list several of the creation tools we have been using and learning about this year.	WeVideo.com Drive.google.com (Write, draw, slides, create) Tinkercad.com Education.minecraft.net Prezi.com Code.org Ipiccy.com OSnap (Stop-Motion/Time Lapse) Breakout EDU -This link is organized by grade level. There is an informational video to watch and see how the games work. These games involve a lot of critical thinking and would be a great family activity. Encourage your child to problem solve and if they get stuck, ask questions to guide them in solving the puzzle. These are really fun. My students have not been exposed to this before.	Many require the students FULL email address to log-in, not just their usual first.last. It looks like this: first.last@stu.corunna.k12.mi.us	Hudson
Phy Ed	All Grades	Physical Activity sites	https://ssww-blog.s3.amazonaws.com/blog/wp-content/uploads/March-Printable-Fitness-Challenge-Calendar-2020-1.pdf http://www.peclogit.org/logit.asp https://www.pecentral.org/websites/kidsites.html	Some sites may require you to register and create a log in.	Carnell
Art	All grades	Go on a virtual field trip to an art museum! Many of these websites also have art activities.	https://www.metmuseum.org/ https://www.nga.gov/ https://americanart.si.edu/ https://ducksters.com/history/art/	No login needed	Lentz & Rowe
Band	6th/7th	Preparing for Spring Concert-music will be uploaded in the near future	Corunna.schoology.com	Use your school account/login	C. Luft

4th grade

Other Sites/Apps

All Grades	All Subjects	High-quality Sites and Apps That Are Supporting School Closures With Free Resources	<ol style="list-style-type: none"> 1. Kahoot – quizzing, games, etc. 2. Century tech – one of the emergent AI assessment platforms that could break down the time spent on marking for teachers 3. Google Hangouts/Google Education – largely irrelevant for Microsoft shops but I guess they are hoping to convert some work from homers 4. Discovery Education – free access (for US schools) to the Discovery resource libraries 5. Quizlet seems to have a 30 day trial for teachers, I think this is longer than normal (although the URL says it is the Black Friday deal) – quizzes and flashcards but the teacher version offers tracking of student progress and other tools 6. Britannica School free during Covid closures – the long standing Britannica brand now in the form of eLearning resources around encyclopedia content 7. Nearpod are offering additional support (webinars and staff development) as well as access changes (these seem to be to upgrade existing users or extend individual users to institutional?) 8. Twinkl Resources are apparently free if you contact them to upgrade existing accounts 9. Minecraft EDU – extended access during Covid 10. InThinking Distance Learning – resources for various subjects 11. Gizmos simulations – 60 day free trials 12. Bookcreator – upgrade to collaboration level use of the iPad tool 13. BrainPOP – free access to their animated movies, assessment resources and creative tools 14. Buncee – not familiar with this tool: seems to be a learning management system with some synchronous learning components 15. Classwork Zoom – GoogleClassroom plugin (for student progress tracking) 16. Education Perfect – lots of resources for K-12 subjects, currently available for free till May 1st. 17. Elementari – “write and code interactive stories” (I might have to have a play with this one! 18. Kami – “Kami is the leading PDF & document annotation app for schools”
