Release Form for Projection and Viewing

I understand that time takes its toll on video. Old videos may be damaged in ways that are not immediately apparent. Age and poor physical condition may make videos vulnerable to damage when digitized or otherwise viewed. I understand that Home Movie Day organizers may not be held responsible for any damage that occurs to videos brought by participants.

I also understand that Home Movie Day organizers will carefully inspect my video(s) and provide their best estimate of current condition before any digitization takes place. I understand they may choose not to digitize at his or her sole discretion. I understand any part of my home movie may be used in the promotion of this event, including online promotion.

My signature below indicates that I have read and agree to the statements above. Now I want to see my home movies!
