The screenshot shows a web application interface for managing NFTs. The browser address bar shows the URL `test2.contextsolutions.com/admin/settings/nft`. The page has a dark blue header with the word "ADMIN" on the left and a balance of "1324.00" with links for "My Page" and "Sign Out" on the right. A left sidebar contains a menu with items: "Class Applications", "Manage Users", "Inquiries", "Wallet History", "Settings", "Categories", "Class Types", "NFT" (highlighted), "Translations", and "General". The main content area is titled "NFT" and includes a "+ CREATE NFT" button. Below the title is a search bar with a "Keyword" input field, a "Sort" dropdown menu set to "Date - Newest", and a "FILTER" button. A table displays the NFT list with columns: "Name", "Points", "For Sale", "Image URL", "Date Created", and "Actions". One NFT is listed with the name "NFT-101", 30 points, and is marked as "For Sale" with a checked checkbox. The "Image URL" is a long alphanumeric string, and the "Date Created" is "2023-07-16". The "Actions" column contains edit and delete icons. A pagination bar at the bottom of the table shows "< 1 >". At the bottom right of the page, there is a "Show all" button.
