

Slogan: 1. Hand= Hope= Life  
2. Say No To Suicide!

The Design:

There's a person who is going to jump down from a building because the person is not having a good time living. Then, a rescuer came and saved the depressed person.

This logo is created to tell all of us there's always hope, so never give up. Anyone can save a life. Don't just stand there and watch, walk towards someone who needs your help. Don't be a bystander, reach out to him/her. You may change their mind just by the words you said to him/her at that very moment.
