

# Pre-Kindergarten Choice Board

#2

Math	Reading	Pre-Writing	Science / Social	Specials
Practice counting up to 10 items using one to one correspondence.(point to or move each item as you count it)	Have someone read a book to you while sitting outside.	Practice writing the letters in your name in sand, flour, sugar or any other kid friendly item you have at home.	Go on a nature walk around your house and draw a picture of something you see.	<b>HPE</b> Make an obstacle course inside or outside with the help of a parent or older sibling.
Find a circle, square, and rectangle in your house somewhere.	Look through a book and tell your favorite stuffed animal about the pictures..	Using play dough, try to create the letters in your name.	Collect empty food boxes and build a creation with them.	<b>Art</b> Paint a picture using watercolors.(to make watercolors, place an open marker in a cup of water then paint with the colored water)
Measure how tall each person in your family is using blocks, cans, or popsicle sticks.	Have a parent hide plastic eggs with letters inside(if you do not have eggs, just hide the letters). Find the eggs and name the letters inside.	Draw or write outside with sidewalk chalk. .	Count how many rooms you have in your house, then count the chairs. Continue with counting other items in your house.	<b>Music</b> Sing your favorite song to yourself while looking in a mirror.
