Instructions:

1. Fold on the score line on the Gray Granite card base. Attach the Misty Moonlight piece to the front of the card.
2. Place the 3 1/2" x 3 3/4" Denim DSP in the Sunrise Sailing embossing folder so the sailboat is over on the left in about the middle. After embossing, leave the piece in the folder and use a sanding block to gently remove portions of the raised paper to highlight the clouds and sea. Remove and attach to the front of the card.
3. Using Misty Moonlight ink, stamp the sailboat on the Basic Beige DSP. Stamp the boat detail and sail detail using Misty Moonlight ink AFTER STAMPING OFF ONCE. Die cut the sailboat and also die cut the small cloud.
4. Using Misty Moonlight ink, stamp AHOY! on the small cloud.
5. Attach the sailboat to the front of the card using Dimensionals and attach the cloud on a double stack of Dimensionals.
6. Attach Antique Pearls to front of card as desired.
7. Die cut the waves on the Blue DSP, the small boat on the Gray Granite DSP and the small boat sails using the Blue Pattern DSP.
8. Attach the wave to the back of the 3/4" x 4" Denim DSP piece and then attach to the 4" x 5 1/4" Basic White piece.
9. Attach the sails to the boat and then attach the boat to the Basic White piece sliding it a bit under the waves.
10. Using Misty Moonlight ink, stamp BEST WISHES and attach the piece to the inside of the card.
