Privacy Policy

Ferrite Transformer Design
App by VPS Engineering Tools

Introduction

Ferrite Transformer Design ("the App") is developed by **VPS Engineering Tools**. This Privacy Policy explains how the App handles your information when you use our application.

Information We Collect

The App is designed to work **offline** and does **not** require user registration.

The App may store the following information **locally on your device only**:

- Transformer design inputs
- Calculated design results
- Design history
- PDF reports generated by the user
- App preferences such as theme settings

No personal information such as your name, email address, phone number, or location is collected by the App.

Internet Access

The App performs all transformer calculations locally and does not require an internet connection for its core functionality.

Data Sharing

We do **not** sell, rent, trade, or share your personal information with third parties.

Design data created within the App remains on your device unless you choose to export or share a PDF report.

PDF Reports

The App allows users to generate and share PDF reports.

These reports are created locally on your device and contain only the design information entered by the user and the calculated transformer parameters.

Permissions

Depending on your Android version, the App may request permission to:

- Save PDF reports to device storage
- Share generated PDF reports with other applications

These permissions are used solely for the intended functionality of the App.

Data Security

Your design data is stored locally on your device using Android's local database and storage mechanisms. We do not transmit or store your data on external servers.

Children's Privacy

The App is intended for engineers, students, technicians, and professionals. It is not specifically directed toward children under the age of 13.

Third-Party Services

The App does not use third-party analytics, advertising SDKs, or tracking services.

If future versions include optional third-party services, this Privacy Policy will be updated accordingly.

Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Any changes will be reflected by updating the Effective Date above.
